I'm coming to Anaheim for a game/concert/convention/Disneyland where should I park? Event parking is always a tricky thing. We recommend you take the train to the ARTIC. It's situated between both stadiums which are walking distance from the station. Disneyland and the convention center are both just a short bus/shuttle/Lyft ride away.

What do I need to legally buy weed in California? Anaheim does not have any storefront weed shops located within city boundaries. Delivery is the recommended option. [Weedmaps](#) has a list local dispensaries willing to delivery to your location.
