Still tracking down funds from sponsors.

Trying to do better highlighting our sponsors on social media

Committee Updates:

New non-profit organization starting at Monarch: Secret Samaritans:

Secret Samaritans help students with financial needs. Always anonymous. Secret Samaritans also use crowd-sourcing to help fund students pay for activities or student-based activities. Helps community members see where their money is being used.

Donate to starting fund
Sign up to be a Samaritan
Help promote in community

First fundraising event at Rocky Mountain Tap and Garden. Community kick off event
Nov 15, 2024 5:00-7:00.

100% of donated fee gets to student.

Startup fees to get licensed as 501C3 so those that become donors will help offset these fees so it is not taken from any students.

Signing up to be a Samaritan gets you notified when a student needs funds.

Exclusive to Monarch at this time so all monies donated go directly to Monarch students

REV trac fund. Doesn't go to student directly but instead it goes to pay for specific fee.

Some concerns:

- Honor system as of right now.
- Valid concerns with counselors. Will the students actually go to counselors?
- Looking into getting a QRcode for students to reach out without going through a counselor.
- Compliment to already Monarch helping financial needs

Raffel: Girls Tennis

Next Meeting: Jan 15th
