(03:24) neither chassen me in thy hot displeasure for thine arrows stick fast in me and thy hand presseth me sore there is no soundness in my flesh because of thine anger neither is there any rest in my bones because of my sin for mine iniquities are gone over my head as in heavy burden they are too heavy for me my wounds stink and are corrupt because of my foolishness Hallelujah and we want to name it today Discerning the arrows Discerning the arrow and each and every one of us are going to receive Arrow sir sir there where they prick you yes sir
(04:09) arrows amen and the main thing is Discerning the arrows what type of arrows are they some of them are beneficial some are not amen some of are probing us because of who we are and what we've done yes sir amen father we thank you today for your spirit for your your love for your mercy for your grace and we pray this morning that you'll bless this audience today and help us to discern help us to acknowledge help us to know what is happening all around us amen bless the Lord oh my soul and all that is within me bless His holy name thank you Father
(04:55) thank you amen you might be seated Hallelujah see a lot of times we don't discern and acknowledge what the arrow really are we don't know why they are in our life amen but a lot of time we have to be like I mean we're like the uh old Ahab he tried to pass it on Amen in First Kings uh I believe it's 22 and3 hallelujah amen and the king of Israel said unto his servants

know ye that RA ramoth in Galilee is ours and we be still and take it not out of the hand of the king of Syria see the wicked Ahab he wanted to pass his arrow on to
(05:59) Jehoshaphat at he wanted somebody there to receive the probe amen and so he wanted Jehosaphat to go with him against uh against the enemy syrians and so uh he said I want you to go with me and he had a a very deive uh situation he was going to allow the king of Judah to go with him and the king of Judah was going to take the probe but the end of it all and it all began and he was pushed into this ARA because the Lord When U nabbo when Ahab took his Vineyard amen a discern a deive order that he took the vineyard of
(06:57) naboth and Jezebel and Ahab together amen they deceived they took it amen and and see he wanted it he was selfish amen he he he deserved many arrs those that bring destruction in his life because he was he was together with Jezebel amen and so he he made the decision that he was going to and he was he knew that he was going to face some typee of Destruction he knew that in this against but God was probing this in position Hallelujah he had a purpose for this God had a purpose for uh Ahab not in what he did to naboth but
(07:53) what he was doing to uh Jehoshaphat amen because he was getting ready to come to judgment the era of judgment was going to be upon Ahab he was the most wicked King that ever had reside there amen but God was against him he had took God's Property see nabbo refused to sell him his property or trade it amen and I'm going to tell tell you this morning the devil's going to try to trade something for to you for what you have amen see we're secured in what we believe and what we know in our Salvation in our walking life and our
(08:46) Holiness and our righteousness and all of our life standing Hallelujah and it makes the enemy jealous because he couldn't do that but he's want to trade you something for that amen he's got a lot of things that he'll try amenities that he'll try to trade for what you have Hallelujah but we have to say like nabbo did know I'm not selling I'm not this is sacred to me it belongs to me this is my property it belongs to me the enemy can't take it away from me Hallelujah I'm going to hold on to it this is an eternal thing I gu
(09:30) I'm not going to sell it for a a temporary blessing in this world hey he's going to offer you the greatest of his benefits but none of them are worth what Hallelujah we have promised to us already amen hallelujah Nebo had the idea and we're a part of that naboth in this hour hallelujah hallelujah we're a part of all the promises of almighty God hallelujah yeah I'm not going to trade those promises for none of the enemy tactics in all of his procu amen hallelujah and he's going to offer you the biggest benefits the
(10:14) biggest things in this he owned this whole earth amen he'll offer you everything but don't accept it do like Neo did amen he said no I'm not going to sell it no I'm not going to give it no I'm not going to trade it no you're not going to get any part of this amen Ahab you're Wicked and you own the Earth Satan you own this old Earth I'm not trading for for what I've got is bigger than that Hallelujah I might be little in this world but I'm big in the kingdom of God I've got to hold of some King Hallelujah that is Kingdom L amen
(10:59) I'm going to be a king and a priest Hallelujah I'm already chosen by a living God and there's nothing that can take the place of what he's offered me already Hallelujah I read all through the Divine credentials of our father and I find promises that are bigger than the things of this Earth that we're living in there is nothing in the world worth trading this far H let no trade no sell won't won't have it it's mine it belonged to me it's been bought with a price the blood that came and offered and gave to me the biggest benefit there

(11:46) is in life hallelujah hallelujah hallelujah and let me tell you there's going to be so many different types of of Arrow that's going to come against you but you got to know exactly which one amen see he will divert you our father will with an arrow amen it's when the enemy is offering you something amen all of a sudden you feel an arror there's a pressure there's something that's happening right now my count is changing Hallelujah I'm feeling a different situation this is not right it's not going to work Hallelujah I've
(12:29) already been been given something that'll work every time hallelujah hallelujah his promises will only last a short season Hallelujah but I have something Eternal hallelujah hallelujah thank you Lord hallelujah praise God and I'm not going to say that you won't get an eror but just be like David and fall down on your knees and say heavenly father desire is are coming at me in every direction Hallelujah and I'm going to accept believe my father what is it Lord what is it that you're trying to get my attention for what am I doing today what
(13:14) have I done wrong how what move did I make that's out of order what is happening in my life amen we've got to find it out before we go another step Lord I don't want to be this detriment step that we're taking in the hour help us that we can discern the arrow that are coming against us help us to know which ones they are help us not just to put them off Hallelujah but help us to know that you are allowing what is happening hallelujah hallelujah praise the Lord hallelujah help us to discern these arrows amen praise God
(14:02) Hallelujah Lord we believe you this morning hallelujah hallelujah so Ahab Ahab the Fulfillment when God has got some arrows against you he'll he'll push you in the corner yeah Ahab uh was doing something that he didn't know he was doing but he was calling his own death amen yes he Jes Gilead they were coming against Assyria amen and he wanted Jehosaphat to go with him but the reason was that he could be protected he knew that he had done wrong in life there was something that was pushing him in that direction amen he was deser burning his
(15:00) own death he was plotting unbeknown in what was going to end his his in his termination amen as a king because he was plotting and then he went into battle with Syria he said I'm going to sit in in a chair now what we want to do I want go ahead and you got have the kingly go arm but I'm going to have the regular amen and all of the syrians and the king of Syria told him he said now I don't want anybody killed but one and that's the king of Israel hallelujah amen wow so unb knowing of what they were doing the syrians went into battle
(16:00) not knowing what they were exactly doing and they were looking everywhere trying to find the king of Israel and Jehoshaphat was the only one that looked like a king amen hallelujah but they and so they one one particular uh Syrian he had a Bor ARA and he said what I'm going to do I don't know where to shoot I can't see where where it's at but Adventure he pulled back the vot and he said I'm going to shoot it that somewhere and he shot it and it met God's Mark wow wow wow hallelujah hallelujah hallelujah God has a direction for his
(16:53) arrows Hallelujah they'll bring Victory or they will bring feet right they'll bring Hallelujah power amen he Let It Go and all of a sudden there was somebody in a chariot over there was squirming and everybody looked they said this is not a king and uh but it was Ahab that had tried to put put it off on somebody else wow and that's what the enemy will do he'll disguise himself he'll come in like you know he's supposed to be the one that's going to be punished but he'll blame it on us the Bible says that he's an accuser

(17:38) of the Brethren yes Hallelujah let them get the arrow and that's the on that will be persecuted will be those that love the Lord amen hallelujah I believe that tonight today Father help us that we we can discern what type of hour that is going to come we're only human we might have him in our life but we're only human yes Hallelujah hey there's something when something happens and we do something out of order there's going to be a probing Rod there's going to be a ara that's going to come and we're going to feel it but help us to discern that AR
(18:28) and know what an arrow it really is amen instead of just brushing it off and say well I didn't do anything wrong but we search it out and find out what's really going on in our life Hallelujah there are some things that don't feel right Hallelujah things are not going right Hallelujah in my life is there what is it that's Arrow what type of eror is this that I have amen that's come against me Hallelujah but he's trying to probe us back into position that we're supposed to be with Christ amen hallelujah I believe that this morning
(19:08) anybody ever been probed with an ARA anybody ever received an aror and you didn't know exactly what it was amen hallelujah later to find out that it was you that had caused that ARA to come in your direction Hallelujah you said well I'm going to blame it on my brother I'm going to blame it on Jehoshaphat I'm going to give get him in the seat I'm going to get him in the king garment and I'm going to let him be shot with an arrow Hallelujah but let me tell you what happened Hallelujah we search it out and find out not my brother not my
(19:43) sister but me oh Lord that standing in the need of prayer I need to get out on my knees and find out what's really going on hallelujah praise God hallelujah any erors here today anybody's been pricked by an aror because of something you've done wrong of something you're not in the right alignment with God something that you think that you're in order but you're not is that something happening in our life today Hallelujah that will cause us Eternal destination to lose out with God Amen Hallelujah and our father
(20:27) will send the right type of Ara amen there's Aras but you have to discern what type it is amen hallelujah that's right there are those that will correct you and then there's other uh Aras that will protect you in the book of 2 Kings 313 and 14 through 20 thank amen 2 Kings 3:13 through2 yes yes sir and Elijah said unto Second Kings 1314 through is that what it is 13 okay Second Kings 313 13 Second Kings 13 yes sir 14 through 20 yes sir 1 14 yes
(21:36) sir now Elijah was Fallen sick of his sickness whereof he died and joash the king of Israel came down unto him and wept over his face and said oh my father my father The Chariot of Israel and the horsemen thereof and Elijah said unto him take bows and arrows and he took him unto him bows and arrows and he said unto the king of Israel put thine hand upon the bow and he put his hand upon it and Elijah put his hand upon the king's hand and he said open the window Eastward and he opened it now what is that window mean
(22:17) Eastward there's a a lot of prophecy about the Eastward amen amen where did Daniel open his window Hallelujah what are those Hallelujah What did the what did he say that he's coming from Hallelujah power in the east east all right amen and he opened it then Elijah said shoot and he shot and he said the arrow of yahweh's Deliverance and the arrow of deliverance from Syria for Thou shalt Smite the syrians in a effect in a till thou had consumed them and he said take the arrows and he took them and he said unto the king of Israel Smite upon the ground
(23:08) and he smot Thrice and stayed and the man of God was wroth with him and said thou shouldest have smitten five or six times then thou then hadst thou smitten Syria till thou had us

consumed it whereas now Thou shalt Smite Syria but Thrice three times and Elijah died died and and they buried him and the bands of the moabites invaded the land at the come in that in the coming end of the year see the arrows we can use them for battle Hallelujah we can retract them upon the enemy amen we can use them for winning our Victory that's right amen so joash (23:55) came before the man of God and he had a nonchaotic attitude see he loved Elisha but he couldn't discern what was going to happen in the future see he loved the man of God that had done so great but was there to be able to create a power within his he could speak the word and the word would come to passu and victory could be wrought hallelujah hallelujah but Elisha didn't want to leave it there he wanted somebody else to be able to fight the battles he said I I I I don't want to leave this I don't want to leave it and
(24:39) go off from it I want somebody to take hold of what I'm I've been preaching I want somebody to know that something is getting ready to happen and they're going to need those arrow and they're going to need to win that battle hallelujah oh yes hallelujah how many times do we have to leave but we leave whoever's behind us that they're going to be able to fight the battles behind when we leave I'm in fighting them all this time but it's now time for somebody to pick them up and discern what's happening all around them and win the
(25:15) victory turn those Arrow around pull that string and make it work in this hour Hallelujah I want to leave a benefit to the Church of the Living God hallelujah Jo ask you're not really concerned about it like I want it to be Hallelujah you can win every battle you don't have to just fight but you can win you can be victorious you can overcome you're not going to lose Hallelujah I'm leaving you an instrument that is hallelujah Victorious this Arrow will win if you keep it hallelu Hallelujah I believe that father
(26:05) help us in this hour to not take things light that are so heavy hallelujah hallelujah so many times we brush it off but God help us to discern the ARA help us to know what the ARA can do help us to know what the ARA has done help to know what the prick is in our in our flesh Hallelujah this hour hallu help us to discern it and know it that we can make a difference in our life amen a lot of people are just trudging along but father help us to pick up those arrows Hallelujah help us to pick them up and let us Smite Smite Smite Smite Smite
(26:49) Smite Hallelujah not just Smite SM Smite and live life loose but help us to be tight in the Lord yes Lord we believe you Hallelujah we can't live life in this world haphazardly because we're Children of the king we're people that have been bought with a price we've been called out from a wicked and perverse generation and father we got to be an example for all we got to pick up the bow and we got to pull the trigger Hallelujah we don't know where it's going to land but we know that it's going to land Victory is going to be
(27:30) wrong the power of God is going to Prevail he's not going to lose one battle he know he's not here to lose battles he's here to win victories he's here for us to fight the enemy Hallelujah all the way from Eve we've had to fight a battle the enemy stole the crown yes he took it and we and our father father put us in a world of of of Despair amen look all around us and see the things that are plague plagues in every direction amen so he wants us in this hour to be energetic and in the belief in him that he takes care of it that
(28:18) we're going to be victorious that we're not going to lose we're not going to depend upon the arm of Flesh we're not going to try to win with the arm of flesh but we're winning with his power once we get our mind off of of him then we're going to lose ground Hallelujah we got to depend on him every day Hallelujah because when the the enemy find you last that's when he's

going to shoot an a at you that's when he going to try to bring you down sir that's when you're going to lose value that's when he's going to try to
(28:53) trade something for something that you have neov said no way I'm not going to trade this Hallelujah well we're going to take your life I don't care I'm not selling that's right not for sale I'm not going to trade it you can't offer me anything they have you might have all of these PES and things on the earth you might have all of those pleasant things hey but they don't even compared to what I got hallelujah hallelujah praise God I'm I might be the smallest in the kingdom of God but I'm the biggest in the world that we're living
(29:35) in hallelujah hallelujah hallelujah if I've got a little bit of him I got more than the world could ever give you in this life there is nothing can compare to what the child of God has if he has the ingredients of what God has prescribed I believe that Hallelujah if you got a little bit of it if you got a little bit you got more amen hallelujah somebody showed me some gold and if you got a little bit of gold you got more than paper is that right Hallelujah if we got a a little bit of the promises of God we got more
(30:26) than all the devil could ever give you yeah Hallelujah praise God because the devil's going to lie to you he's going to tell you you don't own anything but our father does he owns all the cattle on a thousand hills he owned the heels he owned the chicken everything amen if he'll help us out on them chickens right now let him lay let him lay let him lay I believe it this morning father we're believing you they're trying to take it away with chicken eggs amen but I believe that our father he's got something better
(31:09) amen hallelujah hallelujah talking about the eggs I was thinking about something that I read this missionary they come to the place they didn't have anything to eat and their chickens weren't laying any type of eggs they couldn't get any eggs or anything and they begin to pray and and all of a sudden they looked out the window and there was a whole string of chickens coming down the hill the next neighbor they come down it was about 20 chickens come down and they went in their chicken house and they laid and they come right back out and
(31:55) went up the hill can he do it will whatever is he limited or he can't do that something with eggs I believe he can do it with anything whatever you need within your life but we have to have the the gift of discernment in our life all of us have to recognize where we're at where we're going what we need to go there with hallelujah what is Our obligation Hallelujah what are we obligated to Allelujah we're not obligated to this world you don't have to accept his tactics the enemy tactics in this world today hallelujah hallelujah the enemy our
(32:44) father knows how to handle the enemy amen Ahab thought he had it all figured out but he didn't one Syrian Adventure shot didn't know where it was going he said I'm just going to shoot today right Hallelujah is that right see the Lord can use anybody to fulfill his mission amen a lot of times people say well that wasn't God yes it was you'll never shoot your aror like that and it'll it'll hit the mark never a little Shepherd boy can pull a little slain and'll meet a mark that's already designed perfectly that's right Hallelujah and bring down one of
(33:43) the biggest giants in the land yes sir sir Hallelujah I believe that he can direct our path Hallelujah he plans our journey he does hallelujah one thing the main thing in our own personal life is to plan our journey daily most a lot of people in a busy generation of time we get up out of bed in the morning so busy and don't have time to bend a knee don't have time to read the word don't have time to allow God to be your Lord amen is anybody like that here sir no time let everybody say no time no time you got time

(34:30) got are you Discerning the arrows are you wondering why you don't get what you need in your life they don't pay their ties they ain't worried say I'm still going to do it all of a sudden they find out they got bags with holes in them they get a few bucks and put in it and it's gone amen hallelujah hallelujah they say I can do anything I want to with my lips I can say anything I can do anything he's not going to boother bother me he hadn't killed me yet hey but there's some arrows coming there's something that get ready
(35:11) to happen your life you're going to wonder what it is but all of a sudden the quicker you can conclude what it is the quicker you can get out from under the burden that you're facing I believe that I believe the quicker you can discern the quicker you can understand the quicker you'll be able to get out from under the bondage of sin CU it's sin sin is a wicked way sin is the way of Torment hallelujah it's got many arrows that'll pull you down it'll destroy you amen hallelujah hallelujah David got under that amen many Arrow he spoke of right
(35:55) up here amen he said they pricked me they got all over me I was stuck I was caught amen I was in a bondage amen hallelujah but I'm thankful that we can watch ourself watch the man care for the man take care of the man and the woman amen I believe it see the enemy in this world today has a sex perverted attitude in the lives of people amen from just a little girl the enemy tries to come in and persuade and then they have children and then they lose the rest of their life they no longer have the the beautiful Radiance of of growing into
(36:51) maturity under divine power because they have little children behind them is that right Hallelujah I believe that we're living in a perverted world a world where the enemy will seduce the minds of the people he'll come in in every direction he'll come in and but we have to be very careful on how we handle what we're handling in life is that right I believe it father we pray that you'll help us hallelujah and see the enemy of come come come along for somebody's little girl and she'll become pregnant and then the boy go over here another
(37:34) one then they become I had a boy that work for me I believe you I don't have any children yet but it would go to had different girlfriends and they all had to live taking care of little kids didn't get to enjoy their life to become mature in the right perspective I know it's I know this is very important right now we're living in that age when the enemy wants to pervert he wants to destroy if he can do it for the from the home if he can do it for from the children that's what why they're trying to do it in the
(38:16) schools yes to get a hold to the children to bring them down if they can't get to the parent they're going to get to the children amen amen Hallelujah God help us in this hour to discern help us to know help us to watch Hallelujah I preached over a funeral a lawyer that came to our church and I I preached our secretary that was his wife and I preached over his funeral and I preach that she had set watchfires over him to care for him amen he was a different religion and uh but she brought him into her belief and she didn't stop praying she
(39:12) didn't stop believing amen one night she in her car she wanted him baptized in the name of the Lord Lord amen Joshua and so she had his clothes in the car for years but all of a sudden one night there it was Hallelujah I was out of town I was in bat rou and she called me and said he just he just accepted he wants to be about you to baptize him hallelujah hallelujah she held on she watched she watched him she set watch fires around him in the night in the night season amen and then F he was filled with the holy spirit of God thank you
(40:02) Lord hallelujah but we have to watch we have to be determined we have to get our mind on the right thing amen I believe that hallelujah thank the Lord praise God hallelujah and I

remember reading in the word of God in the book of 1st Samuel 20 6 15 through 22 Jonathan and David King Saul was trying to kill uh David but Jonathan be befriended he made his friend that was his friend and he was going to protect him Hallelujah you want me to read that Bishop you can yeah 1st Samuel 2016 through2 yeah through 22 Yeah through 22
(40:58) so Jonathan made a covenant with the House of David saying let Yahweh even require at the hand of David's enemies and Jonathan caused David to swear again because he loved him for he loved him as he loved his own soul then Jonathan said to David tomorrow is the new month and thou shalt be missed because thy seat will be empty and when thou Hast stayed three days then Thou shalt go down quickly and come to the place where thou did where thou did hide thyself when the business was in the hand was in thy hand and shalt remain by by the stone Isel
(41:39) and I will shoot three arrows on the side thereof as though I shot at the Mark and behold I will send a lad saying go find out the arrows if I expressly say unto the lad behold the arrows are on the side of thee take them then Come Thou for this for there is peace of thee and no hurt as the Lord liveth but if I say thus unto the young man behold the arrows are Beyond thee go thy way for the Lord hath sent thee away Hallelujah see these were Arrow of instruction amen amen and protection and provision that would protect that would
(42:22) give instruction amen if discerned amen David could be spared the the hand of the king amen because Jonathan loved David he wanted David to be procured he wanted him to be protected amen and we're people as we give instructions on on how to get out of the mess the world is in amen we got to tell them exactly what the enemy is going to do the enemies against them amen we're going to shoot the arrow we're going to pick up the B and I want to instruct you in the word of God hallelujah and the word of God will bring you to the safety that you need
(43:06) within your life I believe it Hallelujah and we're the ones that are obligated to shoot those Arrow Hallelujah instruction Hallelujah and we get into the place to where we know how to present his word in the place and due season that they can receive it and they can believe it and they can be spared from the enemy's tactics I believe that we want our children spared we want our people spared we want others spared I'm not just in the collective body but everywhere we walk out these doors there's somebody that needs what you got
(43:50) amen you got to give instruction you got to be have the wisdom of him you got to be able to speak the word fucious SL that the word will bring them to safety amen David never was killed amen because of of Jonathan his friend Hallelujah because he directed him he could have been in the way that he have just come on in and old Saul would have killed him amen sa would have the king amen but he couldn't because he had a friend Hallelujah the people have you as a friend are you able to warn them and forewarn them what going to do are you
(44:34) able to give this direct Hallelujah evidence of what can happen if they come any further amen could you warn them of the end time that we're living in right now could you warn them and tell them it's about over all of the things of this life right now that have been so secure they're falling apart now amen but you're going to have to realize what these arrow mean Hallelujah if I shoot them shortly but the amen will will you'll be protected but if I shoot him along range amen you better run you better take off you better be victorious
(45:15) you better not listen to just anything you better believe what God is speaking in this last hour amen hallelujah you better give them discreet d Direction don't you just tell them because hey we want to have friends you're my friend you got to listen you got to hear don't go any

further amen if you go any further the king's going to kill you amen I believe it I believe that father we're on a mission we're under Direction Hallelujah praise God the era of instruction and we have to understand that era so very much because it'll instruct us on what
(46:12) to do and not only us we might understand it but let us take our time out to try to explain it to somebody else that's right can we inquire or acquire friends that's right that we'll be able to hold them on the shoulder and tell them hey there's a better way there's an answer to your dilemma you're not going in the right direction that Arrow that's been pricked in your your being amen if you can only listen to see what it means that's right just kneel down and repent ask God to forgive you of your sins and he'll fill you with his
(46:56) spirit I believe that Hallelujah hallu the aror of instruction help us to give help us to reach help us to do what you'd have us to do in the Book of Romans 11 and22 now let's go to Psalms 139 11-2 I don't know how long I'm going it's time ready oh okay oh just when I'm ready that might be a couple hours I'm the pastor might be able to come up here Psalms 139 and yes and verse 11 through 12 amen if I say surely the darkness shall cover me even the night shall be light about me yeah the darkness hideth not
(48:01) from thee but the night shineth as the day the darkness and the light are both alike to thee amen hallelujah I can't hide in the darkness you can't get away from whatever it is we have to face whatever we're we're facing in life so many people the first thing to do is run where are they going to go this is a Earth and I've known many people that were running yeah they were they're running from themselves they're running from their own ways the sooner they stop and acknowledge and know you can't get you can't hide from
(48:44) this you can't hide hallelujah it's a Sure Shot the arrow is going to catch you Hallelujah as soon as it goes out of the quiver it's going to go wherever you're at sir am amen Ahab couldn't hide he got caught Hallelujah his his Chariot was filled with blood just like his wife sir Jezebel amen Psalm 38 1-5 oh oh Yahweh rebuke me not in thy Wrath neither chassen me in thine hot displeasure for thine arrows stick fast in me and thine hand presseth me sore oh we read that already I'm sorry Isaiah 5 and 28 I get finished I'll start over amen
