

Subject: Strong Opposition to the Continuing Resolution: Protecting Social Security, Veterans, and Congressional Oversight

Dear Senator [Name],

I am writing to express my strong opposition to the continuing resolution (CR) recently passed by the House. This measure not only jeopardizes essential programs like Social Security and veterans' benefits but also undermines the critical role of Congressional oversight over the Executive branch.

The CR, as proposed, maintains spending at last year's levels with some adjustments, which could lead to cuts in vital programs due to inflation and rising costs. Moreover, it fails to address the need for accountability and oversight, particularly concerning figures like Elon Musk, whose actions have raised significant ethical.

Furthermore, I am deeply troubled by the erosion of Congressional authority embedded in this resolution. By stripping away oversight mechanisms, you are relinquishing a fundamental responsibility in your role as lawmakers. This not only diminishes your ability to ensure responsible governance but also undermines the checks and balances that are foundational to our democracy.

I urge you to respect the balanced budget previously approved by Congress and to work towards a more equitable and sustainable spending plan. It is crucial that any legislation passed prioritizes the well-being of our citizens, including veterans and Social Security recipients, while maintaining the integrity of our democratic institutions.

I expect you to stand up for the principles of good governance and protect the interests of your constituents by opposing this continuing resolution.

Sincerely,

[Your Name]
