

Subject: #WearBlueForDiabetes

Hello!

My name is (full name) and I am living with Type 1 diabetes / the carer / friend / family member of someone living with Type 1 diabetes. On Monday 14 November 2022, we will be celebrating World Diabetes Day. I would like to invite (workplace) to commemorate this day by creating awareness for diabetes - particularly Type 1 diabetes, which mostly affects children.

We have created a diabetes awareness pack to share with schools, including a custom-made video by South Africa's favourite storyteller, Gcina Mhlophe (in English, and subtitled in isiZulu, isiXhosa and Afrikaans), printable posters, social media infographics about Type 1 diabetes, a Teachers Guide to Diabetes and a shareable resource list. You can find it all [here](#).

We're also inviting everyone to **wear blue for diabetes on Monday 14th November 2022**. We encourage everyone to wear blue, snap a photo and post it online using #WearBlueForDiabetes.

I look forward to seeing you in blue for diabetes!

Thanks for your support,
Full Name
