

Regarding the hiatus, please read here:

Hi everyone! I'm really sorry, I promised to be back by February 1st, but I've ran into some health problems that I don't want to disclose about. I thought I was going to be better by then, but I just got recently discharged and I'll be taking a rest until I feel better. I had to quit my studies semester because I won't be able to do anything. But don't worry, it's nothing lethal so I won't die or anything in case you were wondering.

In regards to the updates: I have written quite a bit on my three current stories, while I was having fun writing some other snippets and notes on other stories that I will most likely NOT post, or at least not for a while. I won't be able to post the chapters yet and I'll explain the reasons why below, plus give you some heads up on upcoming arcs and stuff.

I will return from hiatus on March 1st posting AT LEAST two chapters for each of the stories. It's a promise that I'll keep, don't worry. So save the date!

By the way, I prepared a google form to ask you guys some questions regarding my stories. If you'd like to check it out you can open a new tab with this link:

You should probably keep this file open as well to re-read the summaries for the unpublished stories (at the end).

### **For my main story: "The Office Pet"**

I won't be posting the chapters YET because it'll end up in a REAAAALLLY messed up cliffhanger. Honestly, I'm a bit worried for how you'll take what's about to come because Heeseung's whole world will flip a whole 180 when Jay comes back. If you've paid attention so far, Jungwon is Jay's most precious pet AND Heeseung's most precious partner. Remember the rules? Ever noticed how some people mention five rules but we only know four of them? Hmmm... Also, I'm still conflicted between HeeJake and HeeKi. So it's hard to decide who should d— drop the ship...

### **For my smut story: "Sketchy Maknaes"**

The hoonki chapter stressed me tf out. I rewrote several scenarios and was happy with none of them. I'm putting a lot of pressure on it to be at least decent enough because a lot of people have requested Hoonki, so I want to make it perfect and I just can't (literally shouldn't) handle stress right now. Just to tell you what those scenarios were (because they've been discarded so it doesn't matter anyway):

- During dinner with Sunghoon's parents, Niki gives him a handjob under the table and then they fuck in the restaurant's bathroom while Mama Park is on a video call with his favorite son-in-law Sunoo. SH's parents don't know they have an open relationship.
- SH is fucking Niki in a mall bathroom but he can't get his dick hard unless he thinks about Sunoo. When he leaves the bathroom first, Niki calls Sunoo to ask for help and he was on speaker so Sunoo, Jungwon, Jay, Yeonjun, Beomgyu, Jake, Felix, Soobin and HuenINGKAI accidentally listen about SH's little performance problem. It ends up being more comedy and hurt/comfort than a sexy scene
- SH fucks Niki in front of Sunoo to get him jealous but it doesn't work, so he starts hate fucking Niki out of frustration. It almost ended with Sunoo breaking up with SH so it's obvious as to why I didn't finish it.

### **For my wholesome story: "Good Parenting"**

I've actually dedicated most of my writing time to this story because it gives me the least amount of stress. It's kind of relaxing to write something pure for a change. I really love how the story is just flowing and how every new character is getting introduced. I actually want to tell you about how this story was originally conceived <spoilers ahead>

The original idea for this story was a HeeJake AU where Heeseung and Sunghoon were Sunoo's parents. And then I added another mirror story for JayWon as Niki's parents. The original concept was going to be a keyword title (like "Breakfast", "Valentine's Day", "Diet", etc.) and have mirror stories about both "couples". In fact, why a HeeJake AU with sunghoon as the other parent? The whole idea was to have SH be a neglecting father who was busy and didn't connect with Sunoo, while Jake was HS's best friend who Sunoo used to see much often and felt closer to him as a parent-son relationship. Meanwhile, JayWon had the same story as here in which Jay, a single father, was dating a young guy Jungwon and Niki hated him for being so young. It was based on "Legally Blond" because I saw this clip of the last trial, when the culprit girl was yelling that she hated Brooke because "How would you feel if your father was dating

someone of your own age?!" So that whole concept was fascinating to me, but then I bent it a lot and we've got something different but still I think it works a lot.

Oh, and about the mirror stories for example. In Pilot chapter "Breakfast" the HeeJake story was Sunoo wanting to skip school that day and Jake convinced him to go to school when Sunghoon couldn't do it during breakfast. And the mirror JayWon story was the one that was posted.

The reason why I don't update this story is because I wouldn't feel right updating this story while neglecting the other two. Sorry about that.

### **Regarding other stories I've been writing but won't get published:**

- One was another "**parenting au**" with HeeJake as Jungwon's overprotective parents and SunSun as Jay's super strict parents. The whole premise was like "Bad Buddy The series" a Thai BL one that starred OhmNanon. It had no sex, but a lot of comedy and JayWon becoming Enemies to friends to lovers.
- A story based on an NCT Dream story AU that a friend told me about. In this story, the school had a glory hole in the bathroom and Renjun was always there and nobody knew who the mystery gloryhole guy was and everyone tried to know. Then Jeno finds out and blackmails him into being his sex slave. I wanted to make an Enhypen adaptation, but ultimately decided not to without the author's permission. And I have NO IDEA who the author is so yeah, it's gone now.
- "**The 10 princes**" was going to be an epic fantasy story about Enhypen + TXT being princes of different nations with different elemental powers trying to fight a giant evil that kills the living for fun and is immortal. It was a very ambitious project that had 3 simultaneous stories running through. The Enhy x TXT one which was the present. A BTS x GOT7 story that was the past and they were the previous gifted 10 princes with Jin as the protagonist. And the origin of the whole world falling into chaos which was about The Boyz as the original and first 10 princes who both created by accident and defeated this overwhelming force of chaos. I ended up leaving it as just notes because it was way too much for me to write, especially by myself. But it was going to be so good... I might do it one day in the future when I write faster and better.

- ***“Deadly virtues and Holy sins”*** was going to be a The Boyz, Enhypen and TXT fic that centered around Chanhee (New) as a boy whose parents died leaving him several debts to pay and a bankrupted business. When almost attempting to kill himself, the seven deadly sins materialized into people to take care of him and make sure he would be okay. The holy virtues would show up as well, and they weren’t evil, but they were extreme lawful good, which if anyone knows about alignments should know that’s BAD BAD. The whole thing was from a tumblr prompt that the deadly sins are actually helpful. Like Pride is for us to love ourselves and Gluttony to never starve to death, and something like that. I decided not to write it because I know it wasn’t going to get hits or anything... and I would be sad because I believe it would’ve been a cool story with deep messages about self care.
- ***“A beautiful song in the morning”*** was going to be a SunWon AU in which they were Niki’s parents (notice a trend? Lmao, I write a lot of Niki’s someone’s child AUs lol). It was a “continuation” of my first one-shot “Toys for boys” but it was going to be gorey and Zombie AU. The whole idea came to me when I thought about “The office pet” ending and originally I thought how would it fare if after the ending, I wrote an epilogue in which Jungwon is a nurse at an asylum where Heeseung was a patient. The whole story being him crazy imagining it and Jay (Hee’s best friend and another crazy person) was helping him create this story. And Sunghoon was Heeseung’s doctor and he was a jerk and that’s why in the story SH was a jerk as well. And the whole rules system were the rules that Jay had created in the whole place to make sure their favorite nurse, Jungwon, wasn’t going to be disturbed by the other patients. But yeah, no, spoilers I guess? “The office pet” is canon in its own world. So nobody is imagining it or a dream or imagination.
- “Starving” was a HORRIBLE AU that I will not delve deep into. It’s a HeeKi AU in which Ni-Ki was an orphan child starving under the rain and Heeseung gives him food and raises him to be his sex slave. It was based on another fic I read but ultimately decided I don’t really like these types of tropes anymore... I caught the fluff-virus.
- “The best of the best” was the original draft for “Sketchy maknaes”. It was an AU in which 6 members of enhypen competed to know who was the best at sex and used Sunoo as the “judge”. You might recognize something similar in chapter 1 with the maknaes and Jake.
- ***A magic school AU*** with Enhy x TXT, with JakeHoon as the main ship. The story was that in this world some people are born with magical powers to do different stuff like grow plants, blow fire, telekinesis, etc. But Jake was born with a special kind of magic called “Creation

Magic” in which he can materialize ANYTHING his imagination wants to. Heeseung was SH’s brother who hated Jake because he was special, but mostly because he thought the reason SH was in love with him was because of his magic. So Heeseung was Jake’s bully. Idk why I stopped writing it, I think because describing the magic is hard for me to do now. Maybe if people want to I can write it when I have more experience writing.

- “**Broken Futures**” was a Sunki + Jaywon mystery fiction AU in which SunJay had the ability to see into the future .Sunoo could only see horrible things like people’s deaths, pets dying, fires, breakups, etc. And Jay could only see happy things like getting job promotions, couples getting married, birth of their children, etc. Because of this, Sunoo always had a happy and perky attitude to life because once he sees everything horrible, anything nice, even the bare minimum, is good enough. While Jay was lethargic and bored of everything because once you’ve seen all good things for people nothing is amusing anymore, everything becomes meaningless. Jungwon was Sunoo’s friend and Niki was Jay’s friend. The whole point was that when Jay met Jungwon he couldn’t see a happy future for him, instead he could only see something tragic, so he got worried and decided to protect him with his life. When Sunoo met Niki, he saw his face smiling all the time and Sunoo became addicted to his smile. The story went deeper than this, but this was the basic premise.
- Enhypen **Pokémon AU**, in which Heeseung is a trainer who wants to become the very best in the Hybe Region (GAG). Okay, I won’t go deep into this one, but I absolutely loved writing the notes for it. I had made teams for almost everyone at Big Hit and a couple of ones for Seventeen as well. I had so much writing stuff for this one but I KNOOOOOWWWW no one will ever read it, so it’s not even worth it to write it. It’s a bit childish I think, but I grew up with Pokémon and I still love it so much.
- Superhero Bbangnyu The Boyz AU. It was cool, funny and stuff, but I guess I have to only write enhypen fics so I guess I won’t do this one... and it can’t be translated to enhypen because all the premise and powers were very specific to The Boyz.
- “**Radio Hive**” was a college AU in which Beomgyu and Taehyun were radio announcers for campus and always told the juiciest gossip like who is dating who and who are breaking up, etc. It followed several love stories that followed cliché tropes, like JayWon childhood neighbors, or Sunki about the foreign student, etc. I just didn’t like it that much after a while.

- “Hurt you, hurt me” was a hurt/comfort AU which was about SunWon being suicidal friends who made a promise to kill each other to end their suffering. Little by little they start getting help and falling in love with Jay and Sunghoon. I think the whole story hit too close to home with me so I just stopped writing it. I don’t think I’ll ever touch it until I’m ready.
  
- **“Idol reviewer: (Group name) edition”** was a super cringey RP-like AU in which I reviewed idols on how well they fucked. Like, NCT Jaehyun is too rough, he did this and this that I liked but was a selfish lover. Score: 6.5 / 10. Something like that... but first of all, it’s sort of like a self-insert and that’s already bad enough. To top it off, I know a lot of people would complain about me talking bad about their favorite idols just for comedy points. Like “dick too small” or “moves too slowly”. And third of all, it would be impossible to find because people usually search for fics about their favorite ships. Nobody wants a OC x Lucas type of thing. Like, it was just super cringey altogether. But I honestly would’ve had SOOOOO MUCH FUN writing it. It would’ve been hilarious.
  
- **“A virgin’s death wish”** was about Sunoo who had been so focused in his studies and work he never had time for himself. Until one day he was met with a minion of Death (Sunghoon) in person and Death tells him his time was up. Sunoo replies that he was too busy to die yet. After several attempts, Sunghoon gave up and just waited until Sunoo was ready to die. He overheard him crying one day complaining that he was going to die a virgin and SH proceeded to grant him a ‘wish’ and let him be attractive to EVERY single guy he had a crush on and have sex with them. So basically a smut story with a heavy plot and Sunoo sleeping around with several people until he ends up falling in love with SH and accepts his death. It’s a tragic ending Sunsun story btw.
