Sister District works to build progressive power by winning state legislative elections. We “sister” volunteers with carefully identified races in strategic swing districts, where flipping control of the state legislature will drive progressive policy forward and safeguard Democracy.

WHY DOES IT MATTER

State legislatures play an outsized but often overlooked role in our lives, influencing policies like voting access, redistricting, reproductive rights, LGBTQ+ rights, worker protections, criminal justice reform, and public education.

OUR MODEL

Volunteer teams help paired candidates each year with fundraising and voter contact while also supporting community-based year-round organizers in our target states through the State Bridges program.

BUILDING POWER SINCE 2016

Active teams &
affiliates nationally

Sister District staff provide support to candidates and campaign staff; assist newly-elected legislators and former candidates through the Purple District Network and Future Winners programs; and conduct vital electoral research.

We endorse candidates in races critical to protect a blue chamber, make inroads into a red chamber, or flip a chamber from red to blue. Our candidates' wins have been key to **flipping 10 chambers** from red to blue, incl. WA Senate '17, CO Senate '18, ME Senate '18, NH House '18, VA House '19, VA Senate '19, MI House '22, MI Senate '22, PA House '22, and the VA House in '23.

2025 & 2026

With a second Trump administration in effect, we need to establish a line of defense in our state legislatures. This journey begins in Virginia, where we will fight to keep the State House Democratic Majority in 2025 and continue to build critical infrastructure for the 2026 midterm elections.
