ENG 385, SUMMER 2021: FINAL TAKE HOME TEST ANSWER SHEET

The 85 final test questions (worth either 1 or 2 points each) are each written out in a separate pdf, which I emailed to you and uploaded to our class Drive file alongside this answer sheet.

Do not consult or collaborate with other students, nor any other person, on this test. Otherwise, you may use any resource available to you, including the various materials shared during this course, to help you answer the questions – except for Part II, where you should restrict your sources only to the OED and MED.

You can work on the test at any time between 3pm Mon 19 June and 11:59pm Thurs 22 June. Completing the test should take about **2-4 hours** total (please take breaks!), but you may take as long as you wish as long as you submit your answers by the deadline. **By 11:59pm Thurs 22 June you must submit the completed answer sheet (only the answer sheet—the sheet you’re currently reading!) to Morgan – me.moore@mail.utoronto.ca – as an email attachment.**

You can submit this answer sheet in numerous formats: **fill out the doc or pdf version directly on your computer, then save and send to Morgan** OR **print it out and write in the blanks, then save and send to Morgan** OR, if need be, **type your answers into a separate document and send that to Morgan**. In any of these cases, you must send the answers **as an email attachment** (not through file-sharing, etc); do **not** put your answers directly in the body of the email.

If, for any reason (no reason need be provided), you do not get your completed quiz to your TA by the deadline, if you contact me and your TA immediately, and we may be able to grant you a last-minute extension for a couple of extra days. However, if we do not hear from you by Friday 23 June by 3pm, we must mark your test as a **permanent** zero; there are no exceptions to that rule, regardless of the reason.

Be warned that the third and final section of this test may be especially difficult and time-intensive, depending on how attentively you have been reading and retaining course materials up to now. Finish your test as quickly as possible to allow ample time to check your work—and to guard against any scheduling issues that may arise.

You may re-submit a completed test to Morgan as many times as you like; she will only mark the last one submitted.
