D14/HEO AAA Combine Schedule

Game 4, Sept 20 8:30 to 10:pm, Myers @ Jr 67s, [Bell Sensplex Myers Automotive](#)

Fill out the D14 Combine Form

All players trying out for Myers AAA are asked to complete the following form. The aim is for those players attending the combine to indicate in order of preference which other AAA organization to join if released by Myers AAA.

D14/HEO AAA directive

Releases to other teams can only occur at the Combine, not prior. Below is the excerpt from the D14/HEO AAA directive:

- Each team will carry a minimum of 21 and a maximum of 25 players going into the Combine, of which 3 must be goaltenders. Under special circumstances, a team may carry more than 25.
- Once the Associations declare their Combine rosters, players will be guaranteed a minimum of 1 game during the Combine.
- At the start of the Combine, families will receive a link to a form indicating interest in playing for a different AAA team than their home one, should they be released, or if they would rather proceed to their home AA team tryouts. The form link will be from Google Forms.
- Using the feedback from the player form (above), releases and transfers might occur at any point after Game 1 of the Combine. No transfers will be allowed without the knowledge/approval of the District Executives, HEO Technical Director, and Association Presidents.
- If there is interest in a transfer of a player during the Combine by more than one team, the player's priority selection from the form will be used. If there is interest, a player released could skate with one or more teams besides their original "home" team. (see Extenuating Circumstances)

- The Head Coach or Association Liaison will be responsible for informing the player of their release through the most professional means possible (in person, by email, website or by phone and taking an appropriate amount of time).
- The original Head Coach of the released player will be responsible for following up with that player after the Combine at a convenient date and time for all parties to discuss the release and possibly offer them an affiliation (if not transferred/picked up by another association).
- No parent or player is to contact another team if they are released. All the AAA teams are aware of who is being released. If another team is interested, a player or parent will be contacted.
- Any player released following the Combine will be returned to their districts.
