3. Treasurer's Presentation

Organizational Overview

Josh reviewed the GPN-PNW board structure, which includes:

- Officers
- At-Large Members
- Regional Sections
- Special Interest Groups (SIGs)

He introduced current board members and provided a financial update.

Wild Apricot Platform

- GPN-PNW uses **Wild Apricot** for contact management, communications, and the website.

- The organization has reached its contact limit and will need to **upgrade the account**, which must be incorporated into the operating budget.

Contacts: Members vs. Friends

A question was raised about the distinction between **Members** and **Friends**:

- **Members**: Pay for membership through the main GPN organization; eligible to vote and serve on the board; receive access to training, events, networking, and other resources.
- **Friends**: Anyone who attends a GPN-PNW event or signs up online; receive emails and notifications; may remove themselves at any time.

4. Board Elections

President Elect (5-year term)

- One nominee: **Nikki Hart-Brinkley**
- Nikki spoke about her background and her interest in supporting Emerging Professionals and regional Sections.
- Voting occurred virtually over the prior week.
- **Result: Unanimous approval of Nikki Hart-Brinkley as President Elect.**

At-Large Positions (2-year term, two openings)

- One declared candidate: **Alex Clasen** (unable to attend; bio provided).
- Two attendees expressed interest: **Ayshe Yeager** and another individual who later withdrew in support of Ayshe.
- Ayshe stepped out during voting.
- **Result: Both Alex Clasen and Ayshe Yeager were unanimously elected as At-Large Members.**

5. Open Discussion

New SIG Proposals

- **Jake Lovell** proposed forming a SIG for individuals who are the sole GIS specialist in their organization. Several attendees supported the idea.
- Attendees also expressed interest in **reviving the Women in GIS (WIG) SIG**.

PSU Student Group

- Representatives from the PSU student group requested any support GPN-PNW can provide.

6. Adjournment

With no further business, the meeting adjourned early at **9:40 AM**.

April 16, 2026

GIA focus meeting

Table with some information - map with chapters and locations, materials from last year. Ryan, Erick and Josh to potentially cover the table. They will be working on something. Colleen to prepare a digital map and Diego to print

Checking who and if GPN-PNW are giving **remarks**. ASPRS new president Taryn Girard will be giving remarks. Need to confirm who in GPN-PNW will be doing it.

Erick to send request for nominations via email to GPN-PNW contacts. Elections will be held for President Elect and two Members At Large.

Annual Board meeting planning: Josh to put a presentation together treasurer@orurisa.org, if it's helpful here's Alexa's presentation from last year: [2024-2025 ORURISA Report](#)

- ~~b. With the approved change by ASPRS and GPN PNW for 7,500 to be withheld from each organization for seed money, for a total of 15,000 in seed funds:
 - ~~o 15,000 withheld for seed money~~
 - ~~o 19,815.51 left for distribution to organizations~~
 - ~~o Each organization would receive approximately 9,907.76~~~~
- ~~e. Deposited check for \$9650.00 to account. New balance as of 11/19/2025 (\$22,332.62)~~
- ~~d. USGS needs a signed "Section 889 Form" on file from the organization that will be taking the actual payments for the registrations. Whether that's GPN, ASPRS, or someone else – please let me know if I need to send this along to a different person.~~
- ~~e.~~
- ~~f. This form is an attestation that the vendor/organization that will take payment *does not* use Chinese-manufactured telecommunications equipment. In this case, if GPN PacNW (or ASPRS) is the organization that will be taking payments for the conference registration, I'll need someone with some authority in that chapter to sign this document.~~
- ~~g. Here's how it works: if GPN PacNW (or ASPRS) *does not* use telecom equipment manufactured by Huawei, ZTE, Hytera, Hangzhou Hikvision, or Dahua (i.e., "covered equipment"), then check the "does not" boxes in Steps C and D. Put the full name of GPN PacNW (or ASPRS..) into the Merchant Name box, the name of whoever is filling out this form into the Merchant's Authorized Representative Name box, and then sign and date it. You can use Adobe Acrobat to digitally sign either with a certificate, or use the drawing tools to draw your signature on with your mouse (no need to print, sign, and scan).~~
- ~~h.~~

 - c. If we do more of these or have more attendees, we would want a way to automate the Certificate of Completion that was provided to all attendees; would be beneficial to

meet with the instructor and/or review the slide deck before the webinar so that we could help tailor the content for GIS.

January 16th, 2025

1. [Announcements](#) (all)

Board Retreat coming up on January 31st. Meeting will be in the Portland Building at 1120 SW 5th Ave, Portland, OR 97204, room 205. It can accommodate 20 people.

Winter meeting for WV SIG is February 20th in Eugene. See the SIG page for more details. Southern OR is targeting a March/April meet-up.

2. [Committee Updates](#)

- a. Financial Strategy Committee (Alexa) - no updates.
- b. Board Business Committee (Alexa) - no updates.
- c. Communications Committee (Robb) - no updates.
- d. Events Committee (Sean) - haven't met yet.

The last board business meeting talked about splitting out the board business and communications committee into different committees. But all of our committees need updated Charters and clarity of purpose/focus. Alexa mentioned that we could simplify our Charters but agreed that this is needed.

Concern is that the work on the charters is getting in the way of business/activities and vice versa. ie..appropriate timing and how this should all come together.

We agreed that this should be a topic/activity for the retreat. Everyone should bring their ideas/list of actionable activities that the board needs to work on in 2025. Then we assign them to the committees.

- e. Nominating Committee (Alexa) - we need a new Secretary beginning in May. Let Alexa know if you have someone in mind. Rachel can continue through April. Elections occur at GIA. Every year there are 2 at-large positions that roll-over. Sean takes over as President, Alexa as past-president, Robb will continue on board as Portland SIG leader. Josh will help Alexa on the nominations.
- f. Retreat (Shivon) - Shivon and Alexa are meeting Tuesday @ 2pm to finalize the agenda for the retreat. All board members are welcome to attend and help.

3. [URISA Webinar](#) (Shivon)

Twenty-five (25) people are registered for the upcoming webinar we're hosting. We have been using Wild Apricot for organizing the event, registration, and collecting funds. \$10 student rate and \$50 general rate. Free for folks in the mentorship program. (no ORURISA member rate) So far it has generated \$1,010 in revenue. We still need to pay the webinar instructor.

No cap/limit on the registrations.

Are there other payment options other than a credit card? not sure. Checks could be possible, but it requires more coordination and communication. Not ideal, but doable.

Do we want to provide any other free registrations? Since this is a pilot and test to see how it goes, then maybe we hold it as-is. Perhaps we can consider this for the next one. Board members give extra personal time and this could be a way to reward board members for their contributions to the organization.

Folks from outside the state are also interested. ie..not just Oregon residents attending.

We get one of these per year from GPN. We offered the instructor \$300. Additional webinars will cost a \$500 fee plus the instructor fee.

We need to keep in mind our financial strategy for ORURISA going forward.

4. CRDC GPN meeting yesterday

We missed this meeting, but recordings should be available afterwards. Waiting to find out about rebranding efforts. The agenda says that they were looking at the financial impacts of subgroups due to rebranding. Sean, Alexa and Josh have access to the content/list of activities.
