EDUCATION

Base Camp Coding Academy, Water Valley, MS

June 2021 - May 2022

- A one year program where we undergo Software Development training, as well as create useful projects to outline our progress.
- Assistant Manager of the Management Team, which keeps BCCA running smoothly by handling amenities.
- Assist in managing the BCCA Afterschool Program at Davidson Elementary School teaching students how to code.

Grenada High School, Grenada, MS

August 2019 - May 2021

- Graduated with honors.

EXPERIENCE

Morgan White Group, Ridgeland, MS — *Shadow/Intern*

February 28, 2022 - March 4, 2022

- Sit in on essential meetings with team members, make progress on an Onboarding project, learn all the necessary skills and roles with employees.

Country Catfish, Oakland, MS — *Busser*

June 2020 - October 2021

- Clean tables after each customer, clean facilities and dispose of trash, assist waitresses with orders and other duties.

PROJECTS

B & D's Cookbook — *Recipe Browsing Website*

- Group project in which we created a website that displayed recipes from a local JSON file using HTML, CSS, and JavaScript.

MyStocksDotCom — *Brokerage website*

- Solo project where I utilized the Django framework to create a website that displays real time stock data with the Python supported API module, yfinance.

QuickFile — *Automatic Spreadsheet Creator*

- A solo project I constructed with Java and SQL. The program creates a .csv file and populates it with the provided SQL data.

SKILLS

Python

HTML/CSS

Java

JavaScript

SQL

Django

Spring

Bootstrap

Git
