

# Extra Credit Course Feedback

This assignment is worth 10 points of extra credit.

I welcome your feedback on this course and the textbook. I want to make it better for other students. Oregon Coast Community College wants feedback on this course also. The link is: [OCCC Student Survey for SOC 206](#)

Finally, I don't see these survey results until after I turn in my grades.

When you are finished with the survey, just reply "complete" or "done" in this assignment, and I'll assign the points.

Thank you for your hard work!
