Category: The scenario of the performance
Project title: “Unity in Diversity”
Title: ”The Little Prince”
Aim: The primary aim of the performance is addiction prevention. That is an international issue that touches teenagers from all the countries. This common topic should be raised by teachers from all over the world. The presentation of health problems through art can create a good communication channel with young people.

schoolgirl 1: 966 - baptism of Poland, 997 - Bishop Adalbert's mission among the Prussians, 1000 - congress in Gniezno, 1003 - 1018 - hmmmmm ...?

schoolgirl 2: These are the dates of Bolesław Chrobry's wars with Germany. Then in 1025 - his coronation.

schoolgirl 1: Ehhhh, how boring! I have an idea!!! Let's go somewhere to relax! Maybe to a concert or a disco. I have something that will allow us to have a great time ...

schoolgirl 2: Wow, I don't know….. Parents will be pissed!

schoolgirl 1: Well, don't be boring! Come on, it'll be fun!

schoolgirl 2: No, today I can't, tomorrow I have to read the book - "The Little Prince"!

schoolgirl 1:You are terribly selfish! As you wish! I'm going - I need a rest.

The Little Prince (to himself while hiking): I'm so lonely, so lost among all these planets! I would like so much to have a friend who will listen to me, understand me and advise me. I've been wandering for so long, but I can't find happiness and my soul mate.

Ooh, what's that???? some planet! Someone lives there!!! Good morning!

Drunkard: Hello, dear newcomer. What brings you to my planet?

Little Prince: I roam the universe in search of happiness and acceptance. I am very lonely and I want to find friends. What are you actually doing?

Drunkard: I'm drinking..

Little Prince: Why are you drinking?

Drunkard: I drink to forget, to give myself courage in difficult times. Alcohol makes me blind to many problems so I don't have to solve them! I don't have to think about them or worry about them! It's easier!

Little Prince: So who solves your problems?

Drunkard: I don't know because I'm still drunk. If you have a problem, then try it yourself. You'll see, in a moment you won't have to worry about anything... Are you trying????

Little Prince: If I drink, will I find what I'm looking for? What's not on my planet? Will you adore me and give me some happiness? Will you listen to me?

Witch 1: Don't drink or you won't be happy!

witch 2: You'll be stunned!

Witch 3: You will lose the one who loves you... and soon you will not be able to love!

witch 4: You will lose control of yourself and your own life, just like him!

Little Prince: Alcohol is a very dangerous thing - it doesn't make a person happy, but it destroys him.

Banker*:* Hello! Three plus two equals five, five plus seven equals….

Little Prince: Good morning! Your cigarette is out!

Banker: That's okay! If you need something, speak quickly. I have no time, five hundred twelve minus 2 equals...

Little Prince: Could you spare me a moment? What are you counting? I'm looking for a friend, maybe I could help with the counting?

Banker: I am a serious man, I have no time for nonsense! It makes me think , I don't need friends. He's my friend. Remember! You can count, count on yourself!

Little Prince: Banker, your planet is almost black with smoke, nothing grows or lives here, everything is dead, and you count the stars that belong to all people. Your actions are senseless and your behaviour is wrong because you are poisoning yourself, ruining your health.

Banker: The most important thing is not to sit doing nothing. Help yourself, you'll see that a cigarette will make you want to keep it in your hand all the time.

Witch 1: Don't be a fool!

witch2: Your body will soon be crying out for help! You will suffocate!

Witch3: You'll be addicted like a banker!

Witch 4: You will smell with tobacco!

Little Prince: Good morning, king .

King: Hello. Ah, wonderful! You will be my first subject. Come closer, let me see you better

Little Prince: I am not a servant. I came here because I am looking for someone to be friends with who is happy and can tell me how to live to be happy as well. Make my life great!

king: I am the king, I can order you to consider me your friend. I can also order you to be happy!

Little Prince: Command?! But, Your Majesty, it is impossible! The heart is not a servant, and happiness does not obey orders!

Your Majesty, please forgive me for asking...

King: I command you to ask!

Little Prince: King, why are you still taking the white powder? I don't understand what you're saying, your planet is empty and dark and your face is tired, gray and sad?

King:I must take white powder, because only then can I be king! If you taste it too, you will agree to be my servant without hesitation, and at the same time consider me your friend. The powder will decide for you, it will make you stop searching and wondering about life

Witch 1: It won't solve your problems!

witch2: You will hurt your soul and body!

Witch3: You will be enslaved like a king!

Witch 4: You will be left alone like a finger, no one will listen to you or help you ..... choose!

Little Prince: Drugs do not give happiness, they take away the ability to think, they take him into the chaos of his own weaknesses and fears. They kill!

schoolgirl 2 Ah, what was that dream!? Strange dream! Good thing I didn't go to that disco. I already know how it would end - drugs, alcohol, cigarettes and……..

hmmm! What is that beautiful smell???? How fresh and refreshing…

schoolgirl 2 - Love! Friendship! Hope!
