TEACHER NEEDED	Sellers			
	Scrabble			
	TEACHER NEEDED			

*Denotes yearlong classes not accepting new students in the spring semester. K-5th grade students who enroll in these classes in the fall will not be held to these classes in the spring because of their young age and because there is no study hall for these grades. 6th grade and above will be placed in study hall if they drop these classes anytime during the current semester. However, they may enroll in a new class in the spring semester if and only if there are spots available at the end of registration. Part 1 classes will be continued in the spring as a Part 2 class only if there is enough interest.
