

Safety Choices Reflection

I would like to visit **City College** because of its convenience. I would particularly be interested in touring its media/film program to see what kind of equipment/studio spaces they have and to talk to some of the students and staff in the program to get their opinions. I would also like to visit **Palomar College**. It might be too far for me, but I really like the variety of their Media Arts and Design pathway; specifically in the areas of Cinema Studies, Graphic Communications, and 3D Arts and would appreciate speaking to faculty regarding career placement and opportunities while in school and of course tour their facilities. Finally, I would like to visit **Southwestern College**, specifically their Arts, Communication, Design and Media program. I know The Chula Vista Entertainment Complex is in development and hope that Southwestern would take advantage of the film production space and resources for their future students.
