REDWOOD EMPIRE CHINESE ASSOCIATION

After School Enrichment Program

2025-2026

John Muir Elementary

▫ REGISTRATION WILL BE SENT OUT MID - September 2025 VIA KONSTELLA

▫ There is a $10 Cancellation fee before class starts. **No refunds provided after the class begins.**

▫ ASEP is not a part of free and public education. ASEP is an **opt-in, fee-based** activity, part of CLIPCO, outside of school hours.

▫ Cooking has a minimum of 8 classes per session. Robotics has a minimum of 10 classes per session. All other classes have a guaranteed minimum of 16 classes.

▫ Caretakers must pick up their child on time after class at the classroom door.

▫ If there is a period of time between school dismissal and the beginning of their class, students must be supervised by a parent or guardian.

▫ Failure to pick up your child on time more than 2 times will result in the student being removed from class.

▫ **Cooking classes need 2 volunteers per class, parents will need to sign up on Konstella.**

▫ **Crochet and Robotics classes will not have a volunteer.**

▫ **For all other ASEP classes, we will offer one free class for anyone who can volunteer as a class monitor for all classes for a given day for the school year. For example, this person would volunteer for all Wednesday classes every week that there is class. To sign up for only your class (for the school year), a 50% discount will be provided for that class. For more information or to apply, email asep@cusdclipco.org.**

▫ Konstella will be used for Parent Volunteer sign-ups, schedule changes, and registration.

▫ Additional fees added to class fee:

- *$0.59 added to each class if you pay with e-Check.*
- *3.5% + $0.59 added to each class if you pay with Credit Card*

ROBOTICS EXPLORER SERIES - Fall

Students in Grades 1-3 engage in hands-on investigation of STEAM concepts through problem solving, storytelling and exploration of relatable, everyday themes. By applying coding literacy, math and social-emotional development, young robotics explorers develop STEAM knowledge and practices and 21st century skills through the use of LEGO Robotics.

ROBOTICS CHALLENGER SERIES- Fall

Calling all robotics enthusiasts! For all children who have ever been fascinated by robots, this is the class for you. Combining robotics elements, easy-to-use hardware, and an intuitive coding experience, this series introduces students in grades 4-5 to robotics by designing, coding and solving real-world problems using LEGO Robotics. Students will be challenged to solve advanced First Lego League (FLL) missions from past seasons.
