TESTIMONIALS

"I began working with Katie after two+ years of feeling like it was too expensive/indulgent/weird to do something like this for myself. I asked her to help me with X. Instead of X, I got X *plus* a-z and 🌈, ❤️, 😊, ☀️, 🕊️, 🌳, 🌿, 🌊 ... And I think there may be more emojis to come. Truly can't overstate how wonderful/wacky/awesome and beautiful it has been to have her on my team. Every session has been really beyond anything I could have expected."

"During my time working with Katie I learned SO much about myself and about patterns and programs that had been holding me back my whole life. Katie was able to help me clear tons of stagnant energy that was blocking me from moving forward and she helped me create positive change in my life. Her ability to see and work with the energy of my body was amazing! She is truly a gifted and beautiful soul. She brings a kind and loving energy into each session. She is so clearly living her purpose by doing the work she does and her drive and passion are contagious. I am 100% certain that a lot of the gains I have made since working with Katie are due to the work we did together. I couldn't recommend her more."

When you have had a conversation with an Angel. So many light bulb moments, so much has shaken and shifted in me through conversation. I say shaken because the impact of the awareness has been huge, yet it was done in the most gentle, subtle way possible. Thank you to the beautiful Katie Awake I feel you. I see you. I honour you. Much love and gratitude for your supportive, grounding, and truly divine guidance. You know how our lovely puppies can hear frequency that we can't. It feels like Katie has a vibration that only certain people can hear. My goodness she is an Angel. If you have every felt her vibration calling you - lean in and listen up.

Thank you Katie Awake - 🙏 truth in such a gentle, loving delivery.

Direct in love. Music to my ears.
