

Reading/Math Data

Select the reading for the math tab to appear. Then select math. Repeat the process to go back to reading.

Printing

To print anything select the three dots in your internet browser bar (top right of screen) then print from the dropdown menu. When printed or saved as a PDF, the number and percent of students in each category will display..

Dashboard View

(select a to return)

- Benchmark view - number in each benchmark by composite and submeasure by grade
- Effectiveness of Instructional Support - benchmark and pathways (*called Correlation report in mClass*)
- Progress Monitoring Status Bar - percent of students at each progress monitoring level

Student List View

- allows for filtering of data

- List of students by group, class, grade, or school
- Includes benchmark, sub measure data, and Lexile
- Pathways of progress
- Benchmark completion - select classes + groups tab
- Manual data entry
- Set goals

NOTE: All other data views selected from the Student List View

Student Detail View - select a student's name

- Overview - displays student graphs
- Assessments - displays student score information (select data row to see measure details and scoring marks)
 - Invalidate - ... three dots at right of assessment results
- Enrollments - indicates the district, school, class, and any groups the student is enrolled in
- 3 dot menu - enroll student in progress monitoring, enter PM data by hand, print parent report

Drop Down Menu

(only accessible in student list view - class can't be selected)

- Benchmark overview - number in each benchmark by composite and submeasure by grade
- Benchmark status - number in each benchmark category across the year by school or class
- Historical benchmark - historical benchmark and sub measure data
- PM Status - progress monitoring status by student

3 Dot menu

- Export student data by year

4 square

- Grouping student suggestions

Multi-select Tool

circle next to student name header or individual student names

- Create group
- Enroll in progress monitoring
- Generate parents reports
- View/print student graphs

Assess

- Indicates students that need to be benchmark or progress monitored. Past due students appear at the top. Assessments are launched from here, but must be completed on a touchscreen device.
