

**A Recipe from...**

## **Kitten with a Whisk**

### **Caprese Salad**

\*Serves how ever many you want!

Ingredients:

- fresh, beautifully ripe tomatoes
- fresh mozzarella
- red onion
- basil
- balsamic vinegar
- extra virgin olive oil
- salt and pepper

Fast and Loose Directions:

- Evenly slice your tomatoes and mozzarella to be about the same size. Generally I use about 25% less mozzarella than I will tomato. Layer on a plate.
- If doing larger slices of tomato and mozzarella, thinly slice red onion - or mince red onion if using smaller, bite-sized portions. As a general rule, I will only use about the same amount of red onion as I will basil. Layer in or on top of salad.
- Tear or mince basil. You can leave it whole as well and layer in-between the mozzarella and tomatoes.
- Season with salt and pepper, than lightly drizzle with olive oil and balsamic vinegar.
