PROJECT EVALUATION: What preparation was involved? What was done at the project? Was the project successful? Should we do the project again? Please feel free to add any other information. Please write on the back of this paper! ☺

There was no preparation involved. The project is about giving food to people through the World Food Programme by answering questions on the website. The project was successful and we were able to get a decent number of people. We should do the project again because it's a simple way to get hours for Key Club and also an easy way to benefit others on a global scale.
