

### 1st Wednesday Part C script on WA6KQB 444.275 and 145.1100 repeaters

- Is this frequency clear? The 1<sup>st</sup> Wednesday Part C @ 11:45 ham net test will begin soon. All non-participants are encouraged to join us or asked to standby until Net Control closes this portion of the net.
- This is [*call sign*], [*name*], Net Control for the 1st Wednesday Part C ham exercise.
- We will be using 2 repeaters, beginning with the WA6KQB repeater here on 444.275 MHz, PL tone 82.5. After all have checked in we will change frequency to the WA6KQB repeater, 145.110 MHz, PL tone 82.5.
- Note and be ready to report any differences between the 145.110 versus the 445.275 repeater. For example, who was unable to make contact from their location?
- This is a modified directed net. Please communicate only with Net Control unless directed otherwise.
- Check-ins will be requested alphabetically by call sign suffix. Please wait for Net Control to acknowledge the current check-in before the next check-in.
- Because we are working through a repeater, please remember to pause briefly after pressing the Push to Talk switch to allow time for the repeater delay.
- Check in using your full phonetic call sign, your name, and your current location.
- Stations with suffixes beginning with **alpha** through **golf**, please check in now.

**alpha** through **November**  
**alpha** through **tango**  
**alpha** through **zulu**
- We will now change frequency to 145.110 MHz, PL tone 82.5. A roll call will be made to confirm which stations succeeded in changing.

*[Change frequency & clear it before continuing the net.]*

- Is this frequency clear? The West Contra Costa Emergency Communication net will perform a roll call of the stations who just checked in on the 444.275 repeater.
- All non-participants are encouraged to join us until Net Control closes this portion of the net.
- This is [*call sign*], [*name*], Net Control for the 1st Wednesday Part C exercise, continuing on the 145.110 repeater.

*[roll call followed with invitation to non-participants to check in]*

- Is there any traffic or comments for the net?
- We thank the Contra Costa Communications Club for the use of its repeaters. and return them back to normal operation.
- This is [*call sign*], [*name*], closing the 1st Wednesday part C net at [ \_\_\_\_\_hours]
