Studio Dragoon – Do's and don't s list

Here is a list of types of art I draw and stuff I don't
If this is a **dealbreaker** for you, I will be more than happy to redirect you to artist that will.
It's nothing personal.

DO's

Custom fan art
OC redrawings
hardcore hereto hentai
logos
character design
anthro
yuri

DON'T

yaoi (boy love)
scat
gore goru
loli
If you don’t see it on my pages, most likely I won’t draw it.
