[How to Survive Under Martial Law](#)

To survive under martial law, you must **be a good citizen**. Respect authorities and follow directions and orders. **Have a survival bunker** stocked with food, medicine, and other supplies. Stay there until you are sure it is safe to leave. Lastly, learn how to **resist a military threat** to your survival. Group up with your militia as soon as humanly possible.

[How to Protect Yourself in a Thunderstorm](#)

Lightning is a beautiful and inspiring phenomenon, but it can be deadly. Over the past 30 years, lightning has killed an average of 67 people per year in the United States alone. Fortunately, most lightning-related deaths are preventable. Follow these steps to safety the next time there's fire in the sky.

[How to Survive in Federal Prison](#)

If you have been sentenced to federal prison, you will become the property of the Bureau Of Prisons (commonly known as BOP). If you have been given a federal sentence, then it is likely that you'll be spending several years behind bars, but if you know what to expect right away, your life in prison will be much easier. If you want to know how to prepare for federal prison and how to survive in your new environment, just follow these steps.

[How to Overcome a Fear of 2012](#)

For some, 2012 heralds fear. This is thanks to recent, often vivid, interpretations of a centuries earlier Mayan civilization set of beliefs. Some people believe the world will end or that there will be catastrophes on a large scale, all because the Mayan Long Count calendar is thought to be reaching the end of its cycle in 2012.

If you've been worried by the hype and rumors of doom and gloom for 2012 that have been eagerly shared across websites, blogs and other sources -- fear no longer. It's not the end of the world, but it could be the start of your critical thinking circuitry getting a fine tune.

[How to Preserve a Skull](#)

A cleaned animal skull can make a beautiful and unique ornament for a wide range of art products. They can also teach us a lot about the animals themselves. Age, habits, even how they died can be determined through the skulls and bones. An animal skull must be totally clean prior to preservation and there are several methods that can be used. Here are the steps to follow in order to learn how to clean and preserve a skull.

Wikihow to Be/Deal with Snitches

[How to Get Rid of Drug Dealers in Your Neighborhood](#)

Drug activity can pose a problem for any neighborhood. While abandoned houses and parking lots are ideal locations for drug dealers, they're not the only places where drug deals can occur. Some people sell drugs right out of their own homes, even those in cozy suburban cul-de-sacs. It's understandable that you would want to remove this threat from your neighborhood, and there are things you and your community can do. You should avoid openly confronting drug dealers, and you should never take the law into your own hands. Work as a team, and remember that there's safety in numbers.

[How to Deal With a Sibling Who Always Snitches on You](#)

Anyone with siblings can probably agree that, at some point, they rat on you to your parents or guardians. This is most common with younger brothers and sister who have yet to learn how to handle problems on their own, but can also extend to older siblings who feel jealous or ignored. Whatever their age may be, it is sometimes possible to help them break this habit with patience, honest conversation, and a spirit of compromise.

[How to Handle a Tattletale Child](#)

To stop a child from tattling, you must understand why they are tattling in the first place. If they need attention, reassess how much attention you've been giving them and demonstrate an interest in them. If your child is struggling with social skills, help them identify alternatives to tattling that they can implement when confronted with a problem. Tattletales often tattle on their siblings, and while it's okay to expect a degree of sibling rivalry, you may want to monitor the situation more closely. Let your child know that you want them to report when someone else needs help, but you do not want to hear them tattle merely to get someone else in trouble.

[How to Love a Married Man](#)

Loving the married man. How complex are these four simple words? One may read this and say, impossible? No matter what side of the fence you're on both can agree that this is a very controversial and moralistically sensitive topic. How does it begin? The touch of a hand, an innocent conversation, a glance? This is for the women who love their married men and need positive guidance and support to work through their issues.

[How to Practice Kissing](#)

Your first kiss can be exciting, but also intimidating if you're feeling unprepared. Everyone has a different style of kissing, just like everyone has a different style of talking. Some people kiss slow and savor every last touch. Other like to gradually kiss stronger and more intensely. You'll find out which way works best for you when you get used to it. The moral of the story here is that, while you *can* practice kissing on your hand or an inanimate object, there's no real substitute for practicing with another human being. (It's a lot more fun, that's for sure!) Here are a few easy ways to practice your kissing technique.
