

The World Wide Webiverse: A Survey and Outlook

90 minutes session

Keynote (15 minutes) - EU effort on standardization of VM (Metaverse working on the Web)

Presenters: 6 SDOs (60 minutes)

Web3D Consortium (Don Brutzman)

Khronos (Neil Trevett) ,

W3C (Francois Daoust), - video

IEEE(Carol McDonald),

MSF(Nicholas Polys),

MPEG (Marius Preda)

OGC

What do these SDO has to offer for standardization of the Metaverse and are these standards ready and interoperate with each

Discussions and Q&A (15 minutes)

Presenters will share:

Introduction to the Standard(s)

Evolution of the Standards and its Ecosystem

Standardization needs and challenges

Interoperability success stories and challenges

Future extensions and innovations that could influence the future of 3D graphics.

Benefits and drawbacks

Case Studies of Successful Implementations

Industry Collaboration and Governance
