EuroAquae Module 1.5 HydroWeb WS 2022/2023

Questionnaire for Personal Academic Recognition and Assessment

This is the EuroAquae Module 1.5 / HydroWeb questionnaire for the personal academic recognition and assessment of your work done within the four weeks of teamwork. Please answer the questions from your personal point of view with **YOUR PERSONAL WORDS**.

Please use GoogleDocs for your personal questionnaire:
- login to Google with your gmail account
- create a **copy** (File -> Make a copy) of the questionnaire in your personal GoogleDocs domain with your name as part of the questionnaire filename (e.g. Questionnaire_JohnSmith),
- edit it by answering the questions
- and finally share the questionnaire with hydrowebfrank@googlemail.com
  (Sharing settings -"Invite people" with attribute "Can view").

DEADLINE for the submission of the questionnaire is **Sunday**, **11 Dec 2022** 22:00 CET!

1. HydroWeb Participant

Name	
Location	
Team	

2. Teamwork

- Please give a short description of the team work collaboration approach applied in your team. (team management, information sharing and/or exchange, interaction agreement, time management, work plan, work distribution, ...)

- Please give a short description of your personal role(s) / responsibilities within your team.

- Lessons learnt ?
  Please give a short description of your new insights and conclusions concerning teamwork.

3. Personal Work

- Please list and give a short description of the work you did personally within your team (maybe with links/references to the work plan and the team reports).

4. Web-based Collaboration Tools

- Please describe the concepts, methods and Web tools used in your team for collaboration (incl. tools for time management, communication and coordination, model version and access control) to overcome the spatial distribution in your team.

- Please describe your personal impressions on this way of collaboration.

5. Mike11

- Please specify the components of Mike11 applied by you personally during the teamwork (e.g. a short list of the Mike11 components or sub work packages).

- Please describe your impressions on the tool Mike11 - advantages and disadvantages.

6. Reporting

- Please describe the concept, methods and tools used in your team for reporting and documentation (shared reports, shared editing, access and version control, ...).

- Please describe the tools (conventional and Web based) you personally used for reporting.

- Please describe your personal impressions on this way of reporting as a team task.

- Please compare (advantages and disadvantages from your personal point of view) conventional reports (paper/office-package oriented) and Web-based reports concerning e.g. editing, reading, content, structure, type of presentations, notify services, ...

7. Conclusion

- Please describe shortly the outcome of the module for you personally.

- What is your personal conclusion from this experiment in respect to your later profession?

8. Last But Not Least

This is not part of the course evaluation, but please feel free to give us remarks, comments or questions to improve the module for the next year.

Thanks a lot for your support.
