

Binghamton InterVarsity Christian Fellowship is an interdenominational, faith-based community on campus that creates a space for students to discover faith in community. As part of our calling as Christians to be a part of the global family of Christ, we strongly encourage students to attend local churches for growth, fellowship, and mentorship. Below are a list of churches our chapter has established relationships with, and have students from our community who attend.

	Description	Sunday Service Times	Location & Transportation	Contact
