

History of the Americas II – Laura Ryer

For HOTA II, rising 12th graders should be continuing their ongoing investigation, source location and rough draft writing for the Historical Investigation Internal Assessment.

A ROUGH DRAFT will be due the first week of class--not an outline, but a working rough draft, with Section 1(Identification and Evaluation of Sources) and Section 2 (Investigation) completed, and at least 1 page of personal notes that will help you in writing Section 3 (Reflection), and will be given full marks for completion of the summer assignment.

Late assignments will be assessed as follows:

- Turned in after the first week of school, 25% off
- Turned in after the second week of school, 50% off
- No Credit after the first month of school

If you have any questions regarding this assignment, please stop by Room 1326 before the end of the school year or email laura.ryer@summitk12.org

Have a great summer!
