

[kissing] No, I don't remember giving you permission to start moving, omega. **[chuckle]** You're here to make your alpha happy, aren't you?...Then you're going to be a good puppy and do as you're told. I'm not going to move my hips if you insist on disrespecting me. I can keep my cock resting inside you all day without a single issue. You on the other hand, it's starting to sound like you're struggling. Hands tied to the headboard behind you to keep from touching me, you whine attempting another weak movement. Is that your attempt at telling me you want me to move?...I don't speak idiot, you're going to need to use your words, not just show me with your actions. Until you get that courage I'll be here. **[kissing]** Kissing your neck...Breathing in your scent...Listen to that whine of yours, trying so hard to be good for your omega, what a sweet little omega. Mind clouded by heat, the only thing you can think about is getting my knot in you and breeding you, huh?

...**[chuckle]** You're so cute when you're dumb like this, puppy. It makes me just love you more. **[kissing // wet noises start]** Slowly moving my hips back and forth, you hiss at the sensation. Feeling that relief you've been so desperate for, practically aching. It's okay, puppy. I've got you. Your alpha is right here. I'm not going anywhere. Going to take care of my silly little omega. Can't think straight, all your effort going rocking, trying to get more of my cock. Your hips buck into me as my hands move against your exposed skin. Feels good but don't get used to that. You're not the one in control, omega. You can't handle yourself. Not thinking logically with that heat of yours, just want to fuck and get my knot. You know it's the only thing that is going to take the edge off and make you feel better. You're only going to get my knot if you behave yourself. Is this what good puppy behavior looks like?

...It's not, you're acting with your hole, not your brain. Don't think at all. Listen and do as you are told like the obedient puppy you are. It's better this way. Nothing to worry about, nothing to focus on, just the relief my cock brings as I fuck into you. Watching as my smooth thighs move up and down, every movement brings you that much closer to the edge. Going to barely take anything to get you to cum at this rate. Just listen to you, so quick to lose control. I guess having to warm my cock for the better part of an hour will do that to you. Not my fault you had begged for it. Told me you couldn't get enough, that you were addicted and needed more. **[chuckle]** Love how you take me, puppy. Make your alpha feel so good, keep it up, just do as you're told. Don't need to worry about anything else, listen to your alpha. You're just a dumb omega who can't help yourself. You're not in control of yourself, you've got heat brain. You're only going to be happy once you've got a knot in you, right?

...[chuckle] Figured as much. Can see how your hands are straining against the cuffs as you want to reach out and touch me. Instead you watch as my perky tits bounce as my hand moves lower, starting to stroke you. It almost feels like too much as electricity shoots up your spine. Practically gasping for air, what a pretty sight you make. My hips take the hint, aiming for the pleasure button inside you. It doesn't take me much to find it, not when I know your body this well. [chuckle] This is where you belong, underneath me, taking everything I give you. You're not really good for anything else, are you?...My dumb omega, you're so lucky that an alpha like me took pity on you. Don't think anyone else would lower their standards to be with such an idiot like you. Too dumb for your own good, you're so cute, omega. Love you so much. Ngh, thrusting your hips into my hand, you mutter the words back. Getting closer as my hand continues to work you, my cock fucking into your needy hole. You want more, don't you?

...So open and honest with me, it's so easy with you. You make me feel so good without even trying. You fit around me like a glove, puppy. Can feel your hole clenching around me, vice like grip around my length. You feel yourself getting closer, your body inching towards that release. If you need to let go, you can be my guest. I'm not going to stop fucking you until I knot this tight hole of yours. If you think you can take my knot and multiple orgasms, be my guest. The only one subjecting yourself to this overstimulation is yourself. I would call it a stupid choice but then again, you've never made a smart one in your life. You're nothing but an dumb little omega, aren't you?

...Say it, tell me what you're good for, puppy...Awww, aren't you so cute? And obedient. Making me so proud, that's what I want more of. You can do it, puppy. All that takes is making me cum. Going to take my knot, aren't you?...That's what you want more than anything else. The smell of pears and mint fill the air as you get closer. My knot starting to stretch you out as you moan, this is what you wanted, right?...Yeah, fucking knew it. Ngh, want to see if you can really last. Know how hard it is for you. You're not the best at keeping control of yourself. It's not like you have self control or even dignity. You don't need it because you're just a puppy. A silly little omega who is making your alpha happy by being a good puppy. Nothing more, nothing less. Are you going to cum before me, puppy? Does my cock feel that good?...Then let go, omega. I want it. Want to feel your hole working every ounce of cum out of me. Want you to take every ounce like a good omega. Let go, omega. Cum as my knot slowly gets bigger. That's what you're trying to do right? Please your alpha? Make her feel amazing? Then let go, puppy. Cum for me, let it all out, don't hold anything back. I need it. [chuckle] Awww, was that it?

...Eyes clenched as I keep moving, my pace staying the same. Told you, I'm not stopping until I cum. I'm only getting close now. That fuckhole of yours certainly helps. Feeling you twitch around me every so often, hissing through the moans, it's too much, isn't it?...Aww, poor little omega, is your hole too sensitive for your alpha, should I stop? Can you not make your alpha cum?...Then you're going to be a good puppy and take it, aren't you?...That's fucking right. Ngh, be a good omega and be quiet. Let me use you for what you're good for. Don't need you for anything else. Have no idea how fucking tight you are, puppy, how good it feels. Shaking a bit from the overstimulation, if you need to cum again, you can. Cause I'm getting close, wouldn't mind feeling you cum again. Mnf, just a bit more. Breathe for me, omega. I know it's a lot but you don't want to fail at the last second. I'm so close, I'm gonna cu-[**adlib narrator orgasm**] Is it better now that I've stopped moving?

...Was it too much?...I'm glad it was in a good way. I figured if it was too much you would have safe worded out. The look on your face was of pure bliss, omega. Actually, it still is. Did the knot help at all?...My poor puppy, you must be suffering so much. Don't worry, it's going to be okay. I'm going to help work the heat out of your system. Once you get wet again, we'll go for another round, okay?...That's my pup. [**chuckle into kissing that fades out**]
