16614537 Vitamin B6 versus mianserin and placebo

15554771 Vitamin B6 placebo-controlled RTC

Lamotrigine has been associated with apparent akathisia in children (PMID 19494356) and there is an increased frequency of akathisia when lamotrigine is combined with Abilify (e.g. PMID 26509095).

29796037 B6 Versus Propranolol: RTC 300 BID, no benefit to 600 BID compared to 300 BID.

15965967 if COMT activity is low, B6 200 BID may speed DOPA-decarboxylase enough to augment Parkinson's response
