Paul N.

Tutor
San Antonio Math Include

Paul is part of the Class of 2025 at Basis San Antonio Shavano. He has experience with nearly every field of STEM from pre-calculus level math to Java programming to robotics to several different sciences such as biology, chemistry, and physics. Having taken a course for AP Physics during his 2021-2022 school year, he understands that comprehending subjects in the STEM field requires knowledge of critical thinking skills which allow basic concepts to be applied to the real world. He aims to build critical thinking skills into students so that they may gain a fundamental understanding of each subject and its core concepts. Outside of school, he spends his free time hanging out with friends and working on projects of his own.
