### Other AP® Exams offered to FUSD students

- If students would like to sign up for one of the following AP® exams, they first need to check if their home school is offering the tests. Please check the Total Registration website of the student’s home school (links found [on this website](#)). If the home school is offering that AP® exam, students should sign up for that AP® exam by October 23 by following the directions in the “registration” section found [on this website](#).
- If a student checks the school’s Total Registration website and an exam is **NOT** being offered at the home high school, [students should register at this website](#).

### AP® Exams offered only to FUSD students concurrently enrolled in an AP® course

- Due to the unique nature of some AP® exam portfolio or studio-based submissions, select AP® exams are only available to students who are enrolled in the associated AP® course at their school of attendance. Concurrently enrolled students should follow the directions in the “registration” section found [on this website](#).
