

Thank your senators for passing HB 67

On May 15, [HB 67](#) was **passed** by the Senate. This will ensure that accessible voting systems are used consistently across all elections, guaranteeing that disabled voters can cast their ballots with dignity and in compliance with federal law. An [amendment](#) was added on the floor to close the gap between the pilot program and the new law's effective date. Section 2 will now take effect on June 29, 2025, with the remainder of the act going into effect on December 31, 2025.

Sample Email (the more personalized, the better!):

Dear Senator [Last Name],

Thank you for voting in support of HB 67, which passed the Senate on May 15. This important legislation ensures that accessible voting systems will be used consistently across all elections, allowing voters with disabilities to cast their ballots with dignity and in full compliance with federal law.

I also appreciate the amendment added on the floor to close the gap between the pilot program and the law's effective date - a thoughtful improvement that strengthens the bill's impact.

Thank you again for your leadership in supporting accessible and inclusive elections.

Sincerely,
[Your Full Name]

Urge your senator to **support the [amendment](#) to HB 464**

[Amendment 2025-2184s](#) significantly addresses Open Democracy's previous concerns with HB 464. Where the original proposed amendment ([2025-1807s](#)) allowed for the voter registration database to link with state vital records, Department of Safety, and the SSA, section 5 line 19-20 read that "access to such data shall not relieve the responsibility to provide appropriate proof of voter qualifications", seemingly making an otherwise well-intentioned idea redundant.

The new language that rectifies this in section 4 lines 10-13 reads: "If the election official receiving the application confirms through the centralized voter registration database required by RSA 654:45 or other official records that the applicant was previously or is currently registered to vote in New Hampshire, the applicant shall prove identity and domicile, but shall not be required to prove his or her age or citizenship." This revision clarifies that if reliable database records confirm a voter's age or citizenship, they are not required to present additional physical documentation, streamlining the process while maintaining election integrity.

Sample Email (the more personalized, the better!):

Dear Senator [Last Name],

I'm writing to urge your support for **Amendment 2025-2184s** to HB 464. This amendment significantly improves the bill and addresses key concerns raised by Open Democracy.

Unlike the previous version (2025-1807s), which risked redundancy by requiring physical documentation even when reliable digital records were available, the new language in Section 4 (lines 10-13) ensures that if a voter's age or citizenship can be confirmed through the centralized registration database or official records, they will not need to provide additional proof.

This revision will aid in ensuring that as many eligible voters as possible are able to register amid recent restrictions enacted. I hope you will support this thoughtful improvement when the bill comes to a vote.

Thank you for your time and service.
