

LOVE BULLET VOLUME 1

BUYING GUIDE

Help LOVE BULLET avoid an early cancellation!

WHERE DO I START?

You can purchase Volume 1 of LOVE BULLET in two possible formats: a **digital ebook** or a **physical book**. This guide will list the prices in yen and USD, but the guide can work for readers all over the world!

The author of LOVE BULLET, inee, has mentioned that she has a long story planned out for the series, but she recently announced that Volume 1 sales are struggling. This means there's a high chance that her story will be forced to end early. Luckily, she still has some time to promote and increase sales, so the sales of Volume 1 in the next few weeks will be the most important factor in the publisher's decision on whether LOVE BULLET can continue serialization for multiple volumes. So if you'd like to support the author and help her realize the full story she has planned, this is how!

BUYING ONE PHYSICAL MANGA VOLUME

NOTICE: We believe there was a distributor backup due to the sudden increase in sales, but it appears that most online retailers have received another wave of stock.

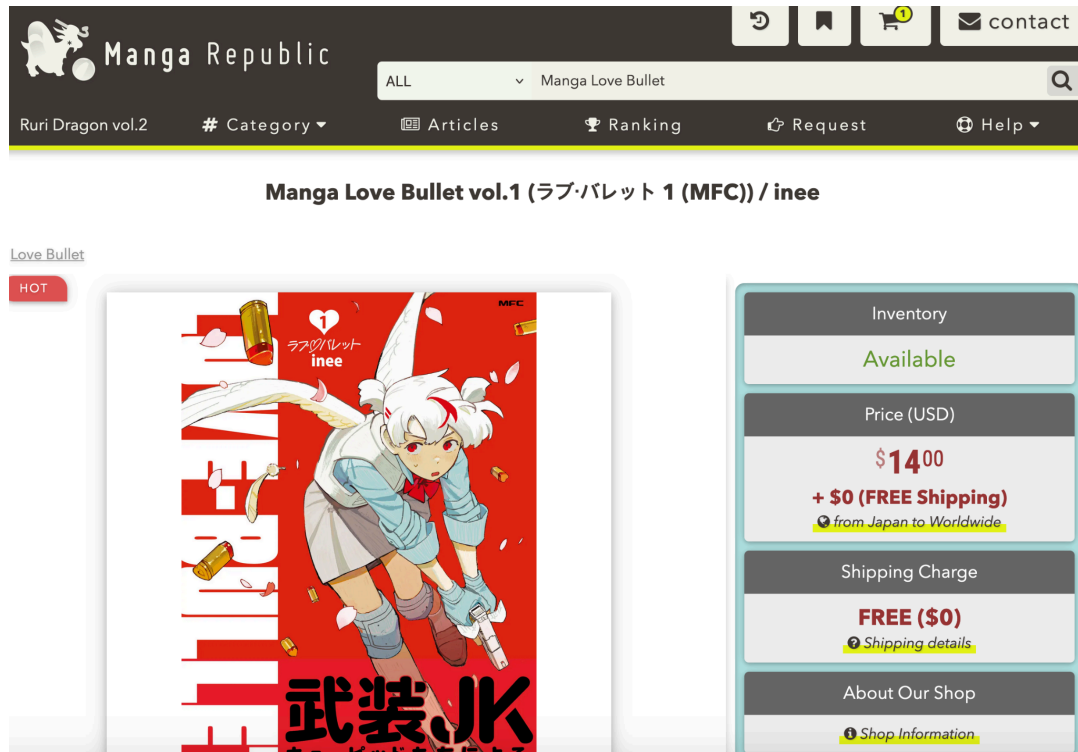

MANGA REPUBLIC (DELIVERY) - OUT OF STOCK

This is the most straightforward and economical way to purchase one physical volume and will cost **\$14 USD**.

NOTICE: Manga Republic has increased the price of a single LOVE BULLET volume to **\$23 USD** presumably due to high demand. We are currently contacting them to see if this price change will be long term. For the time being, we recommend ordering online/in store via **Kinokuniya** if you're buying a single volume.

The site is reputable and known for very safely packaging their orders. If you choose the free shipping option, delivery will be around 1~3 weeks.

[Purchase from Manga Republic.](#)

The screenshot shows the Manga Republic website interface. At the top, there's a navigation bar with the site logo, a search bar, and various utility icons. Below the navigation bar, the main content area displays the product title 'Manga Love Bullet vol.1 (ラブ・バレット 1 (MFC)) / inee'. To the left of the product details is a large illustration of a character with white hair and wings, holding a gun, with the title '武装JK' at the bottom. To the right is a summary box with the following information:

KINOKUNIYA (DELIVERY/LOCAL PICKUP) - LIMITED STOCK

Kinokuniya bookstores will order Japanese books for you and have them ready for you to pick up around 1~2 weeks after the order date. You can also have your book delivered to your door. You can check if your country has a Kinokuniya near you [here](#). As of now, some Kinokuniya stores have stocked Love Bullet and/or will place an order for you, but this will vary by country.

Kinokuniya Worldwide

In America, if you purchase the volume online and pick it up in store, it will cost **~\$12 USD** per copy. (**~\$11 USD** if you have a Kinokuniya membership). Many US locations have started stocking Volume 1 on their shelves, so it's worth calling your local store to see if they have it!

If you purchase the volume online and receive it via delivery, it will cost **~\$20 USD** per copy (**~\$19 USD** if you have a membership).

If you would like to order, please include the title & language and/or ISBN of the book.

I'd like to purchase one copy of the following Japanese book:
Title: ラブ・バレット 1

SUBMIT

You can simply copy & paste the message below and a representative will start the order via email.

"I'd like to purchase one copy of the following Japanese book:

Title: ラブ・バレット 1

ISBN: 9784046836274

I can't get your bookstore website to work, so can I place my order directly through email?"

The instructions above are for US buyers, but your country's Kinokuniya websites should have a similar setup and online contact form. If your country's Kinokuniya doesn't have a website, you can try calling them or going to the store to place the order.

BUYING MULTIPLE MANGA VOLUMES

NOTICE: We believe there was a distributor backup due to the sudden increase in sales, and we don't know yet if online retailers will be receiving another restock soon.

If you're buying multiple books or products from Japan, **Amazon JP** and **CDJapan** are cheaper options than Manga Republic. If you plan on buying 3 products for more, order from one of these sites.

AMAZON JP (DELIVERY) - TAKING PREORDERS

At 3 copies of LOVE BULLET (or 3 products in general) and above, the price per volume will get increasingly cheaper starting at **~\$10 USD**. The delivery will take between 3-10 business days. As of now, Amazon JP is accepting preorders, but there's a chance they might not be able to fulfill the order, in which case you would receive a refund.

Once you change the site language to English, creating an account and checking out should be straightforward.

[Purchase from Amazon JP.](#)

The volume's ranking on Amazon is also an important metric for the manga, so we recommend Amazon JP over CDJapan if you're buying multiple products. You can also leave a review on the listing after you've made a purchase.

CDJAPAN (DELIVERY) - OUT OF STOCK

At 3 copies of LOVE BULLET (or 3 products in general) and above, the price per volume will get increasingly cheaper starting at ~\$10 USD. The delivery will take between 3-10 business days (DHL shipping is recommended).

Note that there's a **500 yen off** coupon for first-time buyers. Press the banner on the page to get the coupon and apply it to your cart at checkout.

HOW ELSE CAN I HELP?

1. **Spread the Buying Guide!** Send the link to this buying guide (<https://bit.ly/lovebullet>) to fans of LOVE BULLET who are interested in supporting the author!
2. **Pester your country's manga licensors!** If you'd like to see an official translation of the manga in your country, let your local manga licensors know! In North America, the two companies that could potentially license LOVE BULLET are [Yen Press](#) and [Seven Seas Entertainment](#). Seven Seas in particular has a [monthly reader survey](#) where you can directly ask them to license LOVE BULLET. The link above will be regularly updated to the most recent monthly survey link.

What non-licensed *MANGA FROM JAPAN* would you like us to license and publish in English? Type it here.

3. **Follow inee on Twitter!** Twitter is still the most used social media in Japan, so much of inee's promotion for Volume 1 is done through [Twitter](#). Following her there and giving engagement to her posts will help her performance on the algorithm, hopefully spreading her posts to more potential Japanese readers! She's currently running a campaign where she's been posting new content daily, so check it out!
4. **Spread the word!** Share the manga on social media and with your friends! Our current message is "Read Love Bullet", including the hashtag **#ReadLoveBullet!!** At this point, any increased visibility for the manga will help the author!

Thank you for supporting LOVE BULLET however you can!
