

Dear author:

Manuscript ID entitled " " which you submitted to iMedPub Journals, has been reviewed. The comments of the reviewer(s) are included at the bottom of this letter.

The reviewer(s) have suggested some major revisions to your manuscript..... or whatever. Please respond as closely as possible to their comments.

To revise your manuscript, log into and enter your Author Center, where you will find your manuscript title listed under "Manuscripts with Decisions." Under "Actions," click on "Create a Revision." Your manuscript number has been appended to denote a revision.

Please also highlight the changes to your manuscript within the document by using the track changes mode in MS Word or by using bold or colored text.

When submitting your revised manuscript, you will be able to respond to the comments made by the reviewer(s) in the space provided. You can use this space to document any changes you make to the original manuscript. In order to expedite the processing of the revised manuscript, please be as specific as possible in your response to the reviewer(s).

Because we are trying to facilitate timely publication of manuscripts submitted to the Journal of Neuroimaging, your revised manuscript should be uploaded as soon as possible. If it is not possible for you to submit your revision within three months, we may have to consider your paper as a new submission.

Once again, thank you for submitting your manuscript to the Journal and I look forward to receiving your revision.

Sincerely,
Dr.
Editor in Chief,
