Several brands have names that come from Greek gods and goddesses. For instance, Nike is named after a Greek goddess. But did you know there are many others?

Have you ever seen Eos? The name is used for a beauty care brand, a fitness chain, and even the Volkswagen Eos. Eos is a Greek goddess. She is the goddess of dawn, which sounds romantic and makes people think of new beginnings. Wouldn't that be how you'd like your new product to be thought of?

Another well-known Greek god is Hermes. Hermes is a French luxury goods company and a British delivery service. The UK company named itself Hermes because Hermes was the Greek god of travel and trade.
