

Child Care Fundraising Resources in Lane County

We understand that owning a child care business or preschool is hard work, and sometimes you need a little extra cash flow to support it. Maybe you need a new play structure, safety equipment, toys, furniture, etcetera to make your home, center, or classroom the best it can be. Here are some ways to get that extra cash flow! Know more options? Let us at QCC know so we can share with other providers!

Note: Check the requirements and details of each option to make sure your program qualifies and to understand what is needed in order to collect funds.

First check for grant funding!

- Check for new grant opportunities to support your child care business:
