

× Commissions ×

T.O.S ;

Invoices must be paid immediately unless a payment plan is set up. If the payments are late (1 week), the commission will be canceled. If partial payments have been made, the buyer will receive art to match the amount. Failure to pay invoices on time or being late on a payment plan will result in the buyer being blacklisted.

Please do not send feedback through PayPal! It's a misguided trap. It's doing it to artists who create nsfw content. By giving them feedback, you are not just putting me at risk, but also yourself! **So please leave the feedback blank.** Thank you!

Please be available to respond within a timely manner so that I can finish my work in a reasonable amount of time. Failure to respond will result in the commission being postponed until the buyer returns. I may choose not to work with you in the future, if this happens frequently.

Do not commission me if you know you will interrupt my art style. You may not police my artstyle or my way of rendering drawings!!!

DO NOT FEED MY ART TO AI! NO MATTER WHAT! IF I SEE YOU USING AI ON MY ART, YOU WILL BE PERMANENTLY BLOCKED!!!

If I feel as though your character is out of my comfort zone, I will let you know. I'm working on male gender and it's still experimental. I'm fighting with skinny and flat chested characters as well so if you ask for that, it might take a while to make a proper piece that manages to reach my comfort zone....

*I usually work pretty fast so please don't ask for updates constantly! I promise you'll get WIPs in time. **Once I have started working on a piece, it usually takes 1-3 weeks before it's finished.***

*I will notify you about delays or days where I won't be able to work. **I usually do not work on commissions on the weekends and Mondays.***

Anatomy on an approved sketch is final. I will only change the colors and shading from this point on. Any major changes after a sketch/lineart have been approved, will require an extra payment + £5-£10!!!

My Rights ;

*You may use your commission for personal use (icons,banners,etc), credit would be appreciated but not required (do not cover **Watermarks!!!**). Just don't claim my art as your own!*

You may not use my art for commercial use unless you have my consent. Fees apply.

You cannot edit my art! Don't even ask for it :) If you wish to purchase line art and wanna colour it yourself, let me know! We can work with that...

I reserve the right to decline commissions.

I will not give a refund after the drawing is finished, since the buyer will have more than enough opportunities to request changes. I won't make any exceptions about this policy.

Non disclosure agreements will result in a 15% fee of the commissioned piece to compensate for my loss of potential customers and advertising. **Details of this MUST be discussed beforehand!!!**

By default, I will share the commissioned art to any of my social media. Privacy fee might apply!

Will Draw/Will Not Draw ;
