“My Universe” is an amazing song collaboration between BTS and Coldplay. The song was released on September 24, 2021 as part of Coldplay's album *Music of the Spheres*. It's the ultimate collaboration between two music groups who come from different countries. The song was received with great praise as the pop mixed with alternative rock gave the song a certain harmony.

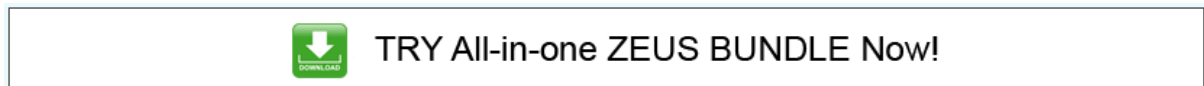

Coldplay is a British alternative pop rock band formed in London around 1996. Their band includes Chris Martin, Jonny Buckland, Guy Berryman, Will Champion and their creative director, Phil Harvey. BTS is a Korean boy band formed in South Korea around 2010. The group consists of seven members: Jin, Suga, J-Hope, RM, Jimin, V, and Jungkook.

The main writers for this song were Suga and J-Hope from BTS, and Chris Martin, Jonny Buckland, Will Champion and Guy Berryman from Coldplay. It's definitely a song you would

want to play on repeat because of its catchy lyrics and the perfect harmony that English and Korean lyrics display. You can get a **My Universe Video Download** to listen to on repeat with the [ZEUS SERIES](#).
