

The warning of Koran to Americans

7:62 ابليغكم رسالت ربي و انصح لكم و اعلم من الله ما لاتعلمون

In this verse, the gematrical value of انصح is 149 which is also the gematrical value of الجمعة, the name of Friday which is the 7th day of the Islamic week, and we know that this verse is in the 7th سورة of Koran and that the title of the 62nd سورة is also الجمعة.

149th verse of Koran is 2:142. 142 is the gematrical value of الاعلى. الاعلى is the title of the 87th سورة and the 87th occurrence of الله in Koran is in the verse 2:142. The 87 سورة has 19 verses and for the multiplication of this number by the gematrical value of the title of this سورة we have $2698 = 142 \times 19$ which is the total number of the repetition of الله in Koran.

The word انصح (having gematrical value 149) which has the signification of warning in itself has come in the verse 7:62 and we have $11 \ 9 = 62 \ 7 + 149$, the expression $11 \ 9$ points to a warning of the day 11 in the month 9, the warning delivered to the world in Sep 11, 2001. The pictures of the Twin Towers before their destruction show that they stood in the area like the number 11. Each Tower had $10 \times 11 = 110$ stories. The airplane of the American flight No. 11 struck the north Tower, and the airplane of the United flight No. 175 struck the south Tower. We saw that the gematrical value of انصح was 149. Sum of the numbers 1 to 149 is equal to $175 \ 11$ in which 11 points to American flight No. 11 and 175 points to United flight No. 175. The gemarical value of امريكن is 321 and the gematrical value of يونانيد is 481, and we have $52 \times 19 = 988 = 175 + 481 + 11 + 321$. The number $8 \ 98$ in this equation points to 98 سورة having the title البينه (meaning proof) with the gematrical value 98, and having 8 verses.

The four high jacked planes which committed suicidal acts in this date contained $14 \times 19 = 266$ persons ($14 = 6 + 6 + 2$). Flight number of the plane struck the north tower was 11 and 11 crew were in it. This plane struck the 11th story as counted from above. These attacks averagely occurred about 11 o'clock in standard time ET. Number of the letters of each of خالد شيخ محمد and اسامه بن لادن, who are the main guilty persons in this respect, is 11. The word ابليس has occurred in Koran only 11 times. The word Afghanistan has 11 letters. The north tower collapsed in the minuets of 11 o'clock in local time (ie 10:29). Number of the letters of New York City is 11. State of New York was 11th state added to the union of states of America. Total number of killed persons in the first plane was 92 in which 9 points to the attendants and 2 points to the pilots of this flight and we have $9 + 2 = 11$.

The north tower had a height of $72 \times 19 = 1368$ feet (in which 72 is the gematrical value of نوزده, Persian word for nineteen) and in the date 1368 هجری شمسی structural acts of these towers ended. A foot is equal to 0.3048 meters and then 1368 feet is equal to 416.9664 meters. If we remove . from the recent number we'll have $127 \times 12 \times 12 \times 12 \times 19 = 4169664$. The number 127 in this equation is the real number of the verses of the 9th سورة of Koran. Furthermore, 9 is the number of September. Thus, probably in this سورة بسم الله of Koran which states anger of God we should expect some points to this event, maybe in the beginning of the 11th جزء of Koran in the verse 110 of the 9th سورة (remember that the number of the stories of each tower was 110): "That structure they raised will remains always as a suspicious memory inside them until their hearts become scrappy". The verse immediately before this verse, ie 9:109, is seemingly pointing to this event warningly: "Which person is better: one who has based his work on virtue and God's consent, or one who has built his structure on the bank of a collapsing precipice and will downfall with it into the hell". Assuming that سورة توبه has 127 verses, we have 19 verses from the beginning of 9:109 to the end of this سورة.

This event occurred on September 11, 2001 which the expression 2001 11 9 represents it:
 $(14 = 1 + 4 + 2 + 5 + 2 = 1 + 0 + 0 + 2 + 1 + 1 + 9)$ 241 25 $\times 19 \times 19 = 2001$ 11 9. (If we read 25241 conversely we'll have 14252 in which 142 which is the gematrical value of اعلى is also seen in $142 \times 19 = 2698$ which is the total number of occurrence of الله in Koran and 52, which is the gematrical value of ولايه, was seen above in $52 \times 19 = 988$.) This date in هجری شمسی is 20/6/1380 and we have $74 \times 19 = 1406 = 20 + 6 + 1380$ (in which $11 = 4 + 7 = 6 + 0 + 4 + 1$, and 74×19 guides us to 1974 which is the year in which for the first time Koranic code of 19 was introduced as a miracle). Also we have $\dots \times 19 = 109$ 2001 11 9 9 in which the left 9 points to سورة 9, and the right 109 points to the verse 109 of this سورة, and if we change the position of these two numbers, yet we have $\dots \times 19 = 9$ 2001 11 9 109.

Is the verse 109 yet a warning for America? It is seemingly the case because in 109th day of the year 2008, which is 258th day from the end of this year, ie in April 18, 2008, on 4:37 o'clock, a 5.2 Richter quake trembled America. ($23 \times 19 = 37$ 4, and the name of 23 سورة of Koran is المؤمنون, and 5.2 points to 52 which we saw above.) The direction of counting from the end of year is opposite to the counting from the beginning of the year, so we are guided to do subtraction for 109 and 258: $149 = 109 - 258$. As we saw 149 is the gematrical value of الجمعة and it is

interesting that April 18, 2008 was Friday. 149 is the 35th prime number and we have $4 \times 18 = 35 + 258$ in which 18 is the day of the quake and 4 is its month (April). This quake had been prophesied.

The crew of the American 11 which did the first suicidal strike were 11 persons (2 pilots and 9 attendants). 4 high jacked planes did suicidal acts in 11/9/2001. These 4 planes were Flight 11 of American Co. with 81 passengers and 9 attendants and 2 pilots which we show it by $2 \times 9 \times 81$, Flight 175 of United Co. with 56 passengers and 7 attendants and 2 pilots which we show it by $2 \times 7 \times 56$, Flight 77 of American Co. with 58 passengers and 4 attendants and 2 pilots which we show it by $2 \times 4 \times 58$, and Flight 93 of United Co. with 38 passengers (one of them being in the womb of a pregnant mother) and 5 attendants and 2 pilots which we show it by $2 \times 5 \times 38$. We have for these expressions $1365 \times 19 = 25935 = 2001 + 9 + 11 + 2 \times 5 \times 38 + 93 + 2 \times 4 \times 58 + 77 + 2 \times 7 \times 56 + 175 + 2 \times 9 \times 81 + 11$. Some of the passengers of these planes played the role of pilots for suicidal acts and so the roles of passenger and pilot mixed. However, the total number of passengers and pilots of these four flights is 241 while the total number of attendants of these four flights is 25, and it is interesting that these two numbers show themselves in $241 \times 25 \times 19 \times 19 = 2001 \times 11 \times 9$. Furthermore, the total number of persons killed in these four planes is $14 \times 19 = 266 = 45 + 64 + 65 + 92$ for them, in addition, we have $4876655 \times 19 = 45 \times 64 \times 65 \times 92$. Perchance, this is the order of the striking planes, ie first the plane holding 92, second the plane holding 65, third the plane holding 64, and fourth the plane holding 45 humans struck the target. This order is also seen in $2553054414 \times 19 \times 19 = 921652643454$. There were 5 terrorists in each of the first three planes and 4 terrorists in the fourth plane, so totally there were 19 terrorists in these planes.

Does really Koran point to this event as we saw? It seems is the case because in the verse 74:1 (يايها المدثر), which is perchance the 741st verse from the end of Koran, seemingly this secrete is hinted using the word المدثر (wrapped in clothes). Gematrical value of this verse is 802, while sum of gematrical values of امریکن and يونائيد, the two companies of these four planes, is also 802; furthermore, 802 is also sum of 782, gematrical value of نيويورك سيتى, and 11, the day of event, and 9, the month of event. Besides, we have for the planes struck the twin towers ie Flight 11 of امریکن, showed by 11×321 and Flight 175 of يونائيد, showed by 175×481 , and the day 11 of the month 9, showed by 11×9 : $27063 \times 19 = 514197 = 11 \times 9 + 175 \times 481 + 11 \times 321$.

An accident occurred in 1983. The 1st year from when it occurred was 1983, the 2nd year was 1984, the 3rd year was 1985, ..., and the 19th year

was 2001 in which the accident of September 11 occurred and in addition to 25 flight attendants 241 persons out of pilots and passengers, that the terrorists were among them, created this accident by 4 planes. The accident of 1983 was explosion of bomb in the marine base of America in Beirut during which 241 persons were killed.

Flight 77 of 321 (امريكن) having 64 persons struck Pentagon and killed 125 persons there: $3375 \times 19 = 125 \ 64$. There were 58 passengers, 4 attendants, and 2 pilots which we show them by 2 4 58 in this flight: $335 \times 19 = 6365 = 125 + 2 \ 4 \ 58 + 77 + 321$. There were 5 terrorist passengers, 53 ordinary passengers, 4 attendants, and 2 pilots in this flight: $2914438 \times 19 = 55374322 = 11 + 9 + 77 \ 321 + 125 \ 2 \ 4 \ 53 \ 5$. Number of killed persons in the plane 77 was 64, and number of killed persons in Pentagon due to this striking was 125: $14 \times 19 = 266 = 125 + 64 + 77$. (266 is also the number of killed persons in the four planes.)

Out of 241 persons that the damnable terrorists were among them (ie passengers and pilots) in the 4 damnable planes, damnable number 11 showed itself so to Americans. Have these three numbers come in Koran in one lump? Yes, the 4th verse of Koran has 11 letters and its gematrical value is 241.

Flight 1549 of US Airways, which had specified as Flight 1919 of United Airlines, landed (and in fact fell) on Hudson River in January 15, 2009 with 155 persons but no one was injured. This event occurred in the 272nd day from April 18, 2008 when America trembled through an earthquake which was the strongest in the area during the past 40 years. 272 is the gematrical value of امريكا. Occurrence of that earthquake has been registered formally in the article 1919 of USGS. It is interesting that the time interval in terms of days between these two events both of them being warnings to Americans and both of them having number 1919 ($=101 \times 19$) in their registrations is equal to the gematrical value of امريكا. Also sum of the digits of 1549 is 19.
