

LHS Update - February 3, 2023

Good Afternoon,

A very cold Friday for drop off and dismissal today. I hope everyone stays warm this weekend during this arctic cold snap.

Here are some things happening in our building:

LMHS Emails

Just a friendly reminder that we have transitioned from lunenburgonline.com to lunenburgschools.net as our faculty address for e mail. You can e mail staff by using the first initial last name [@lunenburgschools.net](mailto:jsmith@lunenburgschools.net) jsmith@lunenburgschools.net

Emails sent to lunenburgonline.com had been forwarded to the correct email address in the past, but that service is temporarily unavailable so please double check your address book.

Thank you!!

Competitive Class Plays

Come enjoy an evening of drama. The annual Competitive Class Plays will take place in the LMHS auditorium at 6:30 on Wednesday, February 15, 2023.

Morning Student Drop Off

Parents have been utilizing the bus loop to drop students off for school after buses leave the loop (approximately 7:50 AM). I have noticed lately that there has been some unnecessary congestion entering and exiting the bus loop.

Once you enter the bus loop, please feel free to drop your student off at any spot within the loop. It is surrounded by safe sidewalks and it is not a far walk to either building. This will alleviate some congestion from parent's cueing and waiting to drop students off at the front door.

High School Senior Internship Education Project (HSSEIP)

Lunenburg High School will once again be partnering with MASSHIRE to provide seniors the opportunity to complete a paid work-based learning education internship.

The goal of this program is to accelerate the growth of the teacher pipeline in MA with a particular focus on increasing racial/ethnic diversity.

Teacher interns can be part of "regular" school day programming or an after school program.

High school teacher interns can provide educational support for students in grades K–8. The tasks completed by interns could vary greatly and may include:

1. Providing in person academic and social supports in schools and in community learning pods.
2. Providing classroom coverage on an interim basis (supervised when feasible)
3. Mentoring
4. Academic tutoring
5. Lunch and recess monitoring

This year's program is limited to 5 students. If you are a senior who is pursuing a career in education and/or is interested in this program, please see Mr. Dionne as soon as possible.

Class of 2023 Scholarship Opportunities

Students should continue to check the Guidance 2023 Google Classroom, where they can find resources and scholarship opportunities. Our Lunenburg Community Scholarship Program and applications will be available after February break. Don't forget to check out GoingMerry until then!

Post-secondary Planning for juniors

Junior post-secondary planning started this week in junior English classes. After the initial presentation, school counselors will be holding small group seminars and a parent informational night.
