[14:20] <~Grim[GM]> When we last met our little gang they had just gone shopping! and were now loitering around outside the old music shop.
[14:23] * Shift buzzes upside down, her thoughts on the weapon inside the shop "I want caps.... I want that canon.." she muttered with a dash of creepy devotion
[14:24] <Integrity> "What do you need a sound cannon like that for anyway? Do you owe a Hellhound caps or something?"
[14:24] <~Grim[GM]> music is pumping from the stereos that line the streets, guards patrolling the streets lazily, useally in squads of 3 with a Hellhound in tow.
[14:25] * Shift looks at Integrity like hes insane "Why dont i need one.... Or wait.. TWO of those?"
[14:26] <Mayhem> "Ye sure, 'bout that, hun?"
[14:26] <Integrity> "TWO of them? How much was it for just one again?"
[14:28] <Mayhem> "Totems...Me's not sure, AH can lift those..."
[14:28] * Shift mutters "ABout 4000 or something"
[14:29] <Integrity> "Yikes, we should have leaned on Silver harder to sign that contract, maybe she would have lent you some."
[14:31] * Shift shrugs "Im not sure my saddle can handle one of those yet..." or her body... "So what should we do now?"
[14:33] <Integrity> "Uh... I dunno. I thought we were going to look for Silver's kid, but I don't see her, so I guess we should just stay in town until she shows? Until then, I guess we could look around town, see if there are any caps to be made."
[14:34] <~Grim[GM]> Buzz Saw is just sitting around, smoking.
[14:34] * Shift nods and glances at the music shop then at BUzz Saw "Hey! You know where we can make some easy caps?"
[14:37] <~Grim[GM]> Buzz shrugs.
[14:38] <~Grim[GM]> "Might be good selvage in one of the old PMC bunkers scattered around the border."
[14:38] <~Grim[GM]> *salvage
[14:40] * Shift glances to the others to see what they think
[14:42] <Integrity> "Interesting, but I'm not quite sure what angle we could take when trying to sell our scrap for more than a cap a pound. I need some time to think of a way to make what we find irresistable before we've even found it. Do you know what people in this town like to worry about, Buzz? Do their colts take drugs? Are low caliber ponies encroaching upon ther neighborhoods? Are parts of the town badly irradiated?"
[14:44] <Integrity> "I'm sure I can think of something though, I'm in if you guys are. Mayhem, Energy_Flux? What do you think?"
[14:44] * Grim[GM] looks at Integrity, he looks like he's mulling something over.
[14:44] <~Grim[GM]> *Buzz
[14:47] * Mayhem shrugs. "'s long as me can tes me weapons..."
[14:48] <Integrity> "oh, I wouldn't worry about it. This is the wasteland, remember? If the bunker isn't packed wall to wall with raiders, it will be killer robots."
[14:48] * Shift grins "Pew pew pew"

[14:51] <Integrity> "Something up, Buzz?"
[14:54] <~Grim[GM]> Buzz shrugs, "no."
[14:55] <Integrity> "Well, unless Energy_Flux has an objection lead the way."
[14:56] <~Grim[GM]> "I only know the ones that we've striped to the bone, you'll have to find some yourself."
[14:57] * Energy_Flux shakes his head, indicating no objections.
[14:59] <Integrity> "Really? Damn shame. So which way is the border where you said we might find a few PMC bunkers?"
[15:00] * Shift buzzes along listening intently
[15:00] <~Grim[GM]> "The border around the city."
[15:01] == Energy_Flux [lostsoul101@Pony-pc2.f8v.96.24.IP] has quit [Connection closed]
[15:01] <Integrity> "Around the city? Well that's perfect. We're in the city, so there's no wrong direction for us to go in, let's move out."
[15:01] == Energy_Flux [lostsoul101@Pony-pc2.f8v.96.24.IP] has joined #FOERevenge
[15:01] * Mayhem stands up and grabs her gear.
[15:02] * Shift nods and starts heading towards what she believes is the entrance
[15:02] <~Grim[GM]> Buzz gets up and follows the group.
[15:02] * Integrity Follows after Shift, taking in his surroundings as he walks.
[15:03] <Integrity> "So Mayhem, anything you feel like smashing in particular?"
[15:04] <~Grim[GM]> the city is in ok shape, alot of patch jobs and clean up has obviously been done.
[15:04] * Mayhem follows, strapping all hr stuff close. She shrugs. "Whatever we'll find me guess."
[15:05] <Integrity> "Fair enough."
[15:05] <~Grim[GM]> Some ponies are bumming it in back allies and on the street, sleeping on cardbored beds and eating whatever they can get their hooves on. most stay clear of your group.
[15:06] * Shift frowns and nods "Just so long as you dont get yourself hurt badly again..." see says nudging Mayhem
[15:07] * Mayhem chuckles and ruffles the Chaneling's head. "Ah won't."
[15:08] <Integrity> "Say Buzz, I didn't realize that camping was so popular in this town, these folks your local outdoorsman club?" Shift asks, pointing his muzzle at the ponies in the alleys.
[15:08] <Integrity> *integrity asks*
[15:08] <~Grim[GM]> "Refugee's," he simply states.
[15:09] <Integrity> "Interesting, where are most of them from?"
[15:09] <~Grim[GM]> "Derse."
[15:11] <Integrity> "Huh." Integrity mutters, continuing his walk to the city's border.
[15:13] * Shift starts humming a tune as they walk
[15:13] <~Grim[GM]> its not to far, a check point is a couple hundred yards away. Some foals in red cloaks come scampering across the street, giggling as they play befor scampering into the ruins.
[15:14] * Shift smiles as she arrive "Right the.. .Which way shall we go oh fearless leader?"
[15:15] <Integrity> "Hmm, I didn't realize this town had a crusader chapter."
[15:16] <~Grim[GM]> Buzz shrus, a hint of a smile on his face, "They get around."

that way."

[13:47] * **Mayhem** pokes the changeling softly, making her float away like a balloon.

[13:47] * **Shift** shrugs "Im just that awesome!" she replies with a small giggle as shes then poked and floats off course a bit

[13:47] <~Grim[GM]> Most of you ponies notice a little dish on a stand on the horizone.

[13:48] <~Grim[GM]> Energy_Flux is hit in the face by a old news paper.

[13:48] * **Starshine** points at the dish. "Might that be part of the facility we're looking for?"

[13:48] <~Grim[GM]> ... or mabe its a magazine.

[13:49] <~Grim[GM]> *maybe

[13:49] * **Shift** nods "Or an alien ship. Ooo! I hope its aliens! "

[13:49] <**Mayhem**> "An' what? Tha rest is invisible?"

[13:50] * **Energy_Flux** snorts, and floats the paper off his face. He skims it anyway, just for good measure, then rips it to pieces.

[13:50] <**Integrity**> "Be careful what you wish for, Shift."

[13:51] * **Starshine** glances at Mayhem. "Underground, most likely."

[13:51] * **Shift** blinks "Why? Aliens are cool n stuff.."

[13:51] <~Grim[GM]> its a copy of play buck monthly, swimsuit edition, lots of chiseled stallions in swimsuits. If your into that sort of thing...

[13:53] * **Mayhem** takes short notice of Energy_Flux shredding the paper and turns back to the rest. "An' wha would a teeny desk be outta 'ere in tha open? Tha' doesn't make sense, lass."

[13:53] <**Integrity**> "If you say so Shift. If you say so."

[13:54] * **Shift** rolls her eyes "And they say im weird"

[13:54] <~Grim[GM]> Buzz walks towards it...

[13:54] * **Mayhem** follows the buck, not seeing any danger in an ORDINARY DESK!

[13:54] <**Integrity**> "What do you have for us Buzz?" Integrity asks as he follows

[13:54] * **Shift** just keeps buzzing along upside down

[13:55] <~Grim[GM]> Its... a radar dish on a tripod stand with and extending neck... and it has wires leading into a cellar.

[13:56] * **Shift** is rather disappointed "Aww.... Dont look like aliens..."

[13:57] * **Mayhem** looks at/into the cellar entrance.

[13:57] <**Integrity**> "Sure it is, maybe one of you pals from outer space is using this thing to make a house call?"

[13:58] <~Grim[GM]> Its dark, the wire leads down inside, some electronic clicking and whiring can be heard.

[13:58] * **Shift** rolls her eyes "NUh uh! Aiens dont use wires! And wheres the cheese? Jeez. "

[13:58] * **Starshine** walks up next to Mayhem, illuminating her horn and shining it down the passage.

[13:59] <~Grim[GM]> a wheel of cheese falls out of the sky and bonks Shift on the head.

[13:59] * **Shift** grabs it and starts nibbling "Thank you almighty cheese gods!"

[14:00] * **Energy_Flux** snorts and adjusts his hat, before raising an eyebrow at the cheese wheel now on the ground.

[14:00] * **Integrity** looks into the sky "Pegasus food drop?"

[14:01] <**Shift**> Nah, Cheese god

[14:02] * **Mayhem** takes out her Magical Energy Spear and carefully heads into the tunnel. The arcs on it's blade providing a flickering illumination.

[14:02] <**Shift**> Others call him SHEogorath... Pretty swell guy

[14:02] <~Grim[GM]> Mayhem: spots a trip wire.

[14:03] * **Energy_Flux** lights his horn and follows the others in, making sure to be in/near the back of the party.

[14:03] <~Grim[GM]> Buzz snorts, "You mean Wazimu."

[14:03] * **Mayhem** kneels down next to the tripfire and raises a hand at the others. "Tripwire! Can somepony have a look at this?"

[14:04] <**Integrity**> "Wait, what? Wazimu isn't a cheesegod!"

[14:04] * **Shift** frowns "Shows what you know..."

[14:05] <~Grim[GM]> Starshine is hit in the face with a copy of Playmare

[14:05] * **Starshine** shakes her head to dislodge the magazine and tosses it away.

[14:06] * **Integrity** picks up the magazine. "What do we have here?"

[14:06] <~Grim[GM]> that magazine was kinda sticky for some reason...

[14:06] <~Grim[GM]> Its a slightly sticky copy of playmare

[14:07] * **Mayhem** tries to figure out the trap by herself in the meantime.

[14:07] * **Shift** smirks at Starshine as she sees the magazine "Oh my~" the changeling says, her voice suddenly becoming male for some reason (<http://www.youtube.com/watch?v=6nSKkwzdw4>)

[14:07] * **Integrity** The blood drains from Integrity's face. "You know what? Maybe I'll just leave this right here where I found it? Leave it for the next lucky fellow who comes across it."

[14:08] * **Starshine** suddenly wishes she had a cleaning spell with CLEANSE OF ALL VILENESS effectiveness.

[14:08] * **Shift** floats there giggling in her new male voice at the silliness

[14:09] <~Grim[GM]> The wire snaps and a tune starts to play... as well as 3 clinking sounds.

[14:10] * **Energy_Flux** has a completely deadpan expression on his face.

[14:10] <~Grim[GM]> Buzz backs away, "BOMB!"

[14:10] * **Shift** starts buzzing away as fast as possible, still giggling

[14:11] * **Integrity** tries to run

[14:15] <~Grim[GM]> Starshine has a sticky issue of playmare stuck to her face as Mayhem examines the wire she found

[14:15] * **Starshine** shakes the offending magazine loose and tosses it away, wishing she had a cleansing spell.

[14:15] <**Integrity**> "What do you have for us, Mayhem?"

[14:16] * **Mayhem** scratches her head. "Sorry ta say, but...me got no clue..."

[14:17] * **Integrity** absent mindedly picks up the magazine Starshine tossed away.

[14:18] <~Grim[GM]> the magazine is staicky and filled with stallions

[14:18] <~Grim[GM]> sexy, sexy stallions...

[14:18] * **Shift** peeks over Mayhem's shoulder "I say we trigger it!"

[14:18] <**Integrity**> "Why does this smell all musky?"

[14:19] <~Grim[GM]> Buzz has retreated to a soft distance

[14:19] * **Starshine** glances at Shift. "Throw something at it from a safe distance?"

[14:19] <**Starshine**> "

[14:20] * **Energy_Flux** chuckles softly from the back of the group.
[14:20] * **Mayhem** shrugs. "Well, we could do tha'...Ok. I'll do it. Stand back!"
[14:20] <**Integrity**> "Sounds good tio me, I think I know just what to throw."
[14:20] * **Shift** frowns "Aww..." she mutters and buzzes off to a safe distance
[14:20] <**Integrity**> "Here Mayhem, take this!" *Integrity hands Mayhem the sticky magazine abeofre dashing off.
[14:20] * **Starshine** moves away from the tripwire.
[14:21] * **Energy_Flux** also backs up, despite most likely being the furthest away from it anyway.
[14:21] * **Mayhem** eyes the magazine in her hand. "Now what by tha totems did ye lassies do with tha'!" She shrugs and gets to a supposedly save distance and tosses the magazine at the wire.
[14:23] <~Grim[GM]> nothing...
[14:23] <**Integrity**> Um, oh wait, that's right, duh!
[14:24] <~Grim[GM]> Buzz starts filing his hooves absent mindedly.
[14:24] * **Integrity** Integrity reaches out for the wire with his magic
[14:26] * **Shift** looks to Buzz then follows his lead and starts filling her cheese holes
[14:27] <**Integrity**> "Um crap, this is harder than it looks. Hey Buzz, you haven't said anything, yet, do you have anything Mayhem can throw at it?"
[14:28] <~Grim[GM]> Buzz rolls his eyes, walks over to the celar door and levitates out a circular saw blade, spinning it with his magic.
[14:30] <~Grim[GM]> Buzz enters the celar, he emerges a secound later with a land mine and 3 grenades.
[14:30] <**Integrity**> "You see? Aliens totally would use wires if they were trying to blow us up, Shift."
[14:31] * **Shift** shakes her head at Integrity's lack of knowlege "No they wouldnt... LAzers dude... Lazers~"
[14:32] <~Grim[GM]> The celar door behind Buzz detonates in a fiery plume of smoke and shrapnel, he just calmly walks back over and sits.
[14:32] <**Integrity**> "Not all aliens are allowed to have lasers, they couldn't keep their kids from pointing them at UFOs"
[14:32] <~Grim[GM]> s
[14:33] <**Integrity**> "Neato, think we'll find any more surprises in there, Buzz?"
[14:33] * **Shift** smirks "Stop talking nonsense" she replies sand starts heading to the door
[14:33] <~Grim[GM]> Lunar_Strike the explosion jogs you from your semi-lusid state, your head is swimming, theres a bright light being shined in your face.
[14:34] <**Lunar_Strike**> goddammit... in the night. always do this at night
[14:34] * **Integrity** follows Shift through the door
[14:34] <**Lunar_Strike**> wuh... whos there!
[14:34] <~Grim[GM]> Buzz shrugs, "whoever's down there will be coming out to greet us soon." He rearms the land mine and puts it at the base of the cellar entrance
[14:35] * **Starshine** finishes scrubbing ick off her face and makes sure her wingblades are secure.
[14:35] <**Lunar_Strike**> if its more of Bleeding Hearts thugs... she'll pounce the first one who enters
[14:35] * **Mayhem** heads back in again, taking the lead with the Spear in her hands.

[14:36] <Lunar_Strike> I'll*

[14:36] <Integrity> "Uh... crap, I think this bunker has raiders"

[14:36] <~Grim[GM]> Lunar_Strike some large bird shaped head appear in your line of vision, followed by a swift pain in your gut. "Fuck... local raiders cam knocking... Boys, go clear them out." hoof steps and clattering, then your smacked in the head, "Rise and shine bitch."

[14:37] * Shift keeps buzzing along

[14:38] * Energy_Flux adjusts his combat barting, casting spirit of wind on it for good measure.

[14:38] <Lunar_Strike> "I should've known Bleeding Heart would never show"

[14:39] <Lunar_Strike> "Who are you then?"

[14:40] * Mayhem heads further down the tunnel, the glowing blade outstretched before her. Her hooves make grinding noises on the concrete.

[14:40] <~Grim[GM]> Lunar_Strike: your tied to a chair, you got nails shoved in the soles of your hooves, it feels like you've been pumled for hours, theres an IV drip hooked up to your left fore leg so the can beat the shit out of you, let the wounds heal, then continue beating the shit out of you.

[14:40] <~Grim[GM]> Mayhem is prevented from moving as these charcters are not focused on currently

[14:41] <Integrity> "Prospectors, do you have anything worth scaving down there? I realize you may have staked your own claim, but um, we've been looking for a really long time, so I don't suppose you'd mind sharing?" Integrity calls out

[15:43] * **Energy_Flux** fires a chain of arcane blasts at the panicking raider.

[15:50] <~Grim[GM]> ... not the most dignified way to go...

[15:53] <~Grim[GM]> The last of the Derse Drole emerges from the smoke, A gryphon in MK2 combat armor and helmet with a gatling laser. "Hello ladies~"

[15:56] * **Mayhem** snickers. "Ye think that's a tool? Let me show ye MY tool!"

[15:57] <~Grim[GM]> The Gryphon smirks and blasts Starshine with his gatling laser.

[15:58] * **Starshine** manages to get an "oh crap" expression on her face before getting shot.

[16:01] <~Grim[GM]> The gryphon smirks and sweeps his line of fire across Mayhem next.

[16:02] <~Grim[GM]> He stops smirking when his gun sputters and dies, "fuck." he starts trying to unjam it.

[16:02] * **Starshine** screams in pain and falls to the ground as the gatling laser burns three holes through her armor and into her chest.

[16:07] <~Grim[GM]> Buzz sighs and takes his head phones off, levitating out a chain saw and pulling the rip cord with his teeth to fire it up, he chuckles and starts singing in a scarily sadistic tone, "When you're rife with devastation theres a simple explanation, You're a toy makers creation trapped inside a crystal ball!"

[16:08] * **Integrity** "sings along under his breath"

[16:10] <~Grim[GM]> "And whichever way he tilts it know that we will be resilient, We won't let them break our spirits as we sing our silly song!" He swings the Saw at the gryphon's arms.

[16:16] <~Grim[GM]> Buzz saw hacks his arms clean off, splattering blood everywhere, "WHen I was a lil filly Galloping blaze over took my city! Ship me off to the orphanage, said dig those roots if you wanna fit in! So I dug 1,00 holes and cut a rub with orphan foals, but now memory's and face's our obscured but I still know the words of this song!"

[16:21] <~Grim[GM]> Buzz slams 6 of his levitated saws into the gryphon and spins them lifting his chainsaw high, m"WHEN YOUR BUNGLES HAVE BEEN BANGLED AND YOUR LOVED ONES HAVE BEEN MANGLED LISTEN TO THE JINGLE JANGLE OF MY GYPSY TAMBOURINE, NOW THESE CORDS ARE HYPNOTIZING AND THESE WOR'DS ARE HARMONIZING NOW PLEASE CHILDREN STOP YOUR CRYING AS YOU SING ALONG WITH ME!"

[16:23] * Integrity Just stares.

[16:23] <~Grim[GM]> The group may want to move into the Bunker as Buzz carves up the Gryphons body.

[16:24] * Integrity hurries away from the crazy person

[16:25] * Starshine does likewise.

[16:25] == mode/#FOERevenge [+v Lunar_Strike] by Grim[GM]

[16:27] * Energy_Flux follows suite.

[16:27] * Mayhem looks in awe and then runs.

[16:28] * Shift blinks ad follows suit, not knowing what the heck just happened

[16:32] <~Grim[GM]> Lunar_Strike has been enjoying the beating of a life time, Malt liquor has bashed her face through the table, tossed her around the room with tk, strangled her to the point where she almost blacked out, and now has her bent over the table, making her stand painfully on her back hooves that have nails in them, humming to himself as he walks up behind her, "well, You asked for this." he smirks.

[16:33] <+Lunar_Strike> "Try it and I will cut it off and fuck you with your own cock"

[16:37] <~Grim[GM]> He chuckles and smacks her flank, "With what? we took your shit you little bitch, it just me and you." Lunar_Strike see's something shiny in front of her, a pair of green eyes and a big Cheshire cat smile, then a stripped leg silently sliding her a very familiar knife between her bound front legs untill the hilt boops her nose.

[16:39] * Lunar_Strike Thinks to herself. Now... what do I cut off first...

[16:40] <~Grim[GM]> Malt smacks her flank again, "now... choices choices..."

[16:41] <+Lunar_Strike> Takes the knife in her mouth, and silently cuts off the ropes binding her front legs

[16:41] <+Lunar_Strike> once they are done, she waits until he is just a little bit closer

[16:42] <~Grim[GM]> Considering he's slowly mounting her, he's in a very vulnerable position.

[16:43] * Lunar_Strike perfect timing

[16:43] <+Lunar_Strike> suddenly spins around, and plunges the knife directly into his left eye socket

[16:44] <~Grim[GM]> Malt screams and flails.

[16:44] <+Lunar_Strike> Pulls the knife out of his eye, a small torrent of blood following

[16:45] <+Lunar_Strike> "Enjoy my skull fuck?"

[16:45] <~Grim[GM]> Malt falls on the floor, twitching and flailing at his empty eye socket.

[16:46] * Lunar_Strike decides she'd rather not wait for his response, and quickly slices his throat

[16:46] <~Grim[GM]> Malt slowly bleeds out on the floor.

[16:50] <+Lunar_Strike> now that she is alone, she takes the opportunity to scream at the nails stuck inside her

[16:50] <+Lunar_Strike> "Fuck these things... gotta be some way to get them out"

[16:51] * Shift sighs and glances to Starshine "Hey, Shine... Stand still for a moment, you look a bit roughed up" she says fiddling around and grabbing a healing potion from her pack to use

[16:52] * Starshine is laying on the ground, having collapsed in pain after getting shot. "No problem," she says through her teeth.

[16:52] * Energy_Flux tenses up as the scream echoes out. He turns on his head-light/horn and heads towards it.

[16:52] <~Grim[GM]> Screamin echos deeper into the bunker...

[16:52] <+Integrity> "What's all that noise down there? Somepony slam the toilet on their dong or something?"

[16:52] <~Grim[GM]> it comes from behind a door ahead of you all.

[16:52] * Shift applies the potion and returns to looking rather out of it

[16:53] <~Grim[GM]> Buzz Saw sits on top of the mutilated corpses and smokes.

[16:53] * Energy_Flux pops the door open and gets ready to cast an offensive spell, should anything come screaming at him.

[16:54] * Mayhem is right after him, spear at the ready.

[16:54] <+Lunar_Strike> "Aw shit... more of them assholes"

[16:55] <~Grim[GM]> You all see the poor tortured form of Lunar_Strike, she's beaten battered, bruised, and has obviously been here, being tortured, for awhile.

[16:56] * Energy_Flux looks at the bleeding pile in front of him. "Not anymore, at least." he says.

[16:56] * Starshine sighs with relief as the healing potion does its work. "Thank you." A few moments later she gets to her hooves and follows the others inside.

[16:57] <~Grim[GM]> also, theres a door Behind Lunar_Strike marked, "Storage"

[16:57] <~Grim[GM]> It has a terminal next to it

[16:58] * Energy_Flux takes a step forward. "So, who the hell are you?"

[16:58] * Integrity Slowly approaches the prisoner. "We aren't more of those assholes, We had to fight quite a few of them to get down here. I'm Integrity, who are you?"

[16:58] <+Lunar_Strike> "So you saying you aren't with Bleeding Heart?"

[16:59] * Starshine stops in the doorway and looks at the battered form of Lunar_Strike. "Goddesses...what did they do to you?"

[16:59] <+Lunar_Strike> "Then why are you here?"

[17:00] <+Integrity> "No, we're all enemies of Bleeding Heart here. We came here looking for an abandoned bunker to scavenge, but ended up bungling into one of her bases, apparently."

[17:02] <+Lunar_Strike> "In that case, keep your weapons down. I see anything and you can see how well it works with only one eye"

[17:02] <+Mayhem> "Damn lass. Yer look like shit!"

[17:03] <+Lunar_Strike> "Why thank you, I hadn't noticed. Who are you and whats your affiliation?"

[17:03] * Energy_Flux snorts, and slowly walks around the table, letting the party keep line-of-sight. He stops two yards from Lunar_Strike and just... Stares at her.

[17:05] * Shift buzzes along silently in the back, she had seen the damage donebut ddnt particularlylike the mares attitude which was squashing any desire the changeling had to help

[17:05] <+Starshine> "We were brought together to take down Bleeding Heart."

[17:06] <~Grim[GM]> Wazimu is pretending to be a potted plant in the corner...

[17:07] * Mayhem sits down and rearranges her equipment, while she waits for the other

to deal with her.

[17:07] <+Integrity> "So, um, if you don't mind me asking, who's the dead guy?"

[17:08] <+Lunar_Strike> "I don't know his name. As of now I know two things:"

[17:08] <+Lunar_Strike> "He tried to fuck me, and he really needs to pay attention to his surroundings"

[17:09] <~Grim[GM]> Wazimu draws a arrow in florescent pink chalk at the terminal.

[17:10] <+Lunar_Strike> I also know this potted plant gave me my knife so I could take him out"

[17:10] <+Integrity> "That's horrible! I... wait what? Wazimu? Is that you?"

[17:10] * Energy_Flux turns his head to the chalk arrow. Then looks to the terminal. He decides messing with computers is better then being ignored, and trots over to it.

[17:11] <~Grim[GM]> "IGNORE THE ZONE BEHIND THE CURTAIN!" He throws Glitter in Integrity's face.

[17:11] <~Grim[GM]> *ZONY

[17:12] <+Integrity> "OW!"

[17:12] * Starshine looks back at Shift. "Don't just sit there, she's in bad shape!" She floats out one of her own healing potions and offers it to the battered mare on the floor.

[17:12] <+Lunar_Strike> "If you're also after Bleeding Heart. I guess i can trust you."

[17:13] <+Lunar_Strike> "My name is Lunar Strike. Who are you all?"

[17:13] <+Starshine> "Call me Starshine."

[17:13] * Energy_Flux mumbles something about "pain relieving magic" as he starts fiddling with the terminal.

[17:13] * Shift rolls her eyes and looks to Lunar_Strike "Fine fine," she mutters grabbing a couple potions and her doctors kit. "Sit down and try not to move"

[17:13] * Lunar_Strike takes the potion "Thank you. Speaking of Bleeding, think you can do something about these nails?"

[17:14] * Integrity Having already introduced himself, Integrity ignores the question. "Wazimu? What are you going here? Are you the one who gave Shift that cheese? And why did you do that to my eyes?"

[17:15] <~Grim[GM]> Integrity: is hit in the face with CHEESE!

[17:16] * Shift frowns "Gimme that." she mutters and grabs the potion Starshine just handed her before applying it to the pony "Gimme that."

[17:16] <+Shift> (Wat)

[17:16] <+Shift> (Ignore the second gimme that)

[17:17] * Integrity Rubs his head where the cheese struck. "Nice to see you too" he grumbles.

[17:17] <~Grim[GM]> The door slides open revealing Lunar_Strike's equipment and medical supplies, also a tuba.

[17:18] <~Grim[GM]> Yes... A Big Brass Tuba

[17:18] <+Integrity> "...Is that a tuba?"

[17:18] <~Grim[GM]> with some wier arcano tech along the bell.

[17:18] <~Grim[GM]> *weird

[17:18] <+Lunar_Strike> "Thats my stuff in there. I don't remember having a tuba"

[17:18] * Energy_Flux raises an eyebrow, and takes a closer look at the arcanotech.

[17:19] <+Lunar_Strike> "Thats pretty much the opposite of sneaking"

[17:19] <~Grim[GM]> It.... looks something like what Six String had on his Speakers

and guitar.

[17:20] * Shift keeps working quietly, strangely enough not using any magic to remove 1, two, three, and four nails before forcing another potion down Lunars throat

[17:20] <+Integrity> "What do you think Energy_Flux, do you think we can sell it to some rich kid from Tenpony Tower promise his parents to give him lessons, and skip town?"

[17:21] * Lunar_Strike Resists the urge to scream at the nails, though a small one gets through

[17:21] <+Lunar_Strike> "AAUGH. Thank you."

[17:22] * Shift frowns as the potion finishes healing and stashes her equipment "Yeah, just go easy for the next few minutes" she says and returns to buzzing about

[17:22] <+Integrity> "Hey Shift, check it out, we found a tuba!"

[17:22] <+Lunar_Strike> "If I may, why are all of you going after Bleeding Heart?"

[17:23] * Shift glances at the instrument and shrugs "Ok?"

[17:23] * Energy_Flux rolls his eyes. "If you want to be eternally hunted for giving a youth a potentially dangerous weapon, without appropriate warnings, go for it." he says, almost grunting. He lifts it up and begins (carefully) examining it further.

[17:24] <+Integrity> "Eternally hunted for that? I thought I already was."

[17:24] <~Grim[GM]> It appaers to be a Thunder gun mated with a Tuba.

[17:24] <+Lunar_Strike> "It sounds like the start of a bad joke. A changeling, a Minotaur, and some horned ponies walk into a bar, sell their soul and hunt down a slaver"

[17:24] * Starshine crouches down a step or two away from Shift and Lunar_Strike. "We were brought together by that one," she points at Wazimu, "on behalf of someone who turned out to be a star-demon, and who offered us an enormous bounty to bring Bleeding Heart in."

[17:25] <+Lunar_Strike> "Wait... you mean you actually sold your souls?"

[17:26] <+Starshine> "Personally, I'm less concerned with the bounty and more concerned with finding a loved one who was taken by some ponies working for Bleeding Heart."

[17:26] <+Lunar_Strike> "I was just kidding!"

[17:26] <+Starshine> "The rest of them did. I declined to sign the contract."

[17:26] * Shift shrugs "Souls are overrated"

[17:26] <+Lunar_Strike> "... did you at least get a good deal?"

[17:27] <+Integrity> "Well, I'm already going to Tartarus anyway, so I guess getting anything for my soul is a good deal really..."

[17:27] * Starshine rolls her eyes. "They got a two thousand cap signing bonus."

[17:27] * Lunar_Strike facehoofs, and immediately regrets it

[17:28] <+Lunar_Strike> "OUCH, for Luna's sake... anyone got some Med-X or something?"

[17:28] * Energy_Flux snorts as he finishes examining the tuba. "Interesting device..." he thinks aloud. He looks over to the changeling and her patient, as if struck by a realization. "I will assume is a bit late to point out I know medicinal magic?"

[17:29] <+Integrity> "Um, idk, there has to be some around here somewhere, but if not I can give you some whiskey"

[17:29] <~Grim[GM]> Theres med-ex in the storage. along with lots of medical suppllies.

[17:30] <+Integrity> "I'll check storage" he says, lighting his horn as he enters

[17:30] <+Lunar_Strike> "No thanks, I don't drink. Makes you do stupid things, and I'm

stupid for half the day. Don't need to add to that"

[17:30] * Shift shrugs at Energy_Flux " She just needs to take it a bit easy for a couple hours"

[17:31] * Shift continues "Med Ex is overkill for sore hooves"

[17:31] * Energy_Flux raises an eyebrow. "So, pain relief spell is unneeded?" he says, already starting to examine the tuba further.

[17:31] <+Lunar_Strike> "Never was good at medicine"

[17:31] * Integrity shrugs "Sure it makes you stupid. Stupid... but fun."

[17:32] <+Lunar_Strike> "... you have a pain relief spell?"

[17:32] * Shift sighs "At least a spell doesnt have the chance of addicting you" she mutters and starts rooting through the medical supplies

[17:34] * Shift stashes everything in her saddlebags

[17:34] * Energy_Flux looks over, almost facehoofing. "Right, not with the usual crew, so of course my repertoire isn't known..." he mumbles. He places the tuba down and trots over to Lunar_Strike. "Hold still."

[17:34] <+Integrity> "See any pre war pill bottles? You can never have enough of those."

[17:35] * Shift shakes her head "JUst standard stuff... No pills "

[17:36] <+Integrity> "Damn shame. Even if they're empty, you can fill them with chalk tablets and sell them to chumps."

[17:36] * Energy_Flux touches his horn to Lunar_Strike, and begins casting his pain-relief spell.

[17:36] <+Lunar_Strike> "So the Alicorn is Starshine. Who are the rest of you?"

[17:38] <+Integrity> "Integrity"

[17:39] <+Mayhem> "Mayhem" She tips one of her horns.

[17:40] <+Lunar_Strike> "Pleasure to meet you, though I wish it could've been under better circumstances"

[17:41] <+Lunar_Strike> "and you, Mr.Med-X?"

[17:43] * Energy_Flux snorts, drawing his head away as the spell finishes. "Energy Flux." he says, looking her over once.

[17:45] <~Grim[GM]> Wazimu sneaks out...

[17:47] <+Lunar_Strike> "And who is the changeling?"

[17:49] * Shift keeps peering at the medical supplies "Shift"

[17:50] <+Integrity> "So if you don't mind me saying you were in really bad shape when we found you. Just what did you do to get Bleeding Heart's goons this riled up Ms..."

[17:54] <+Lunar_Strike> "Lunar Strike, and I was here to assassinate someone."

[17:54] <+Mayhem> "Bleedin' cunt?"

[17:54] <+Lunar_Strike> "Naw, though if she was here a bleeding cunt would be the least of her troubles"
