In focus

[EB143/7](#) reports on some general matters concerning hosted partnerships and provides update reports on:

- the Alliance for Health Policy and Systems Research;
- the European Observatory on Health Systems and Policies;
- the Partnership for Maternal, Newborn and Child Health; and
- Unitaid.

[EB143/8](#) reports on a more detailed review by the Secretariat of the Partnership with Unitaid.

Background

See [Tracker links](#) to previous discussions of partnerships at global level.

Review of hosted partnerships

http://apps.who.int/gb/ebwha/pdf_files/EB143/B143_8-en.pdf

US:

US talking about Unitaid and their job

Limited funding for TB projects and AMR and HIV

WHO hosted partnerships must benefit both partners equally i.e among innovators and users

Gabon:

On behalf of the 47 states of the African region

Noted changes covering: innovation, integrated research in the areas of MCH, institutional framework.

We welcome WHO in collaboration with Unitaid

We welcome the guidance provided by WHO regarding HIV

Global efforts can be inadequate if not coordinated with WHO

African region takes note on the report

Mexico:

Suggest the strengthen of research studies

Welcome efforts to combat malaria, HIV, TB and and efforts to address access to medicines

We will work on AMR having collaboration with Unitaid

Iraq:

Partnerships should be built to manage public health emergencies

Chile:

Combating HIV, malaria and TB is the priority and Unitaid is innovative initiatives

It has direct impact on market on developing countries

Unitaid negotiates discount and quality diagnostics

All the countries are benefiting from this. We should continue this.

Brazil: We are pleased to see the collaboration between WHO and Unitaid

Turkey: Other partnerships should also be included in the report for eg roll back malaria, FCTC besides unitaidSpain: We welcome the partnerships with Unitaid

Secretariat response:

We have 16 million dollar per year, we can have more impact by disease on disease. We have opened a tender regarding this. This is also linked to GPW. We appreciate Turkey's comment to include about other partnerships as well. We will continue strengthening the partnership between WHO and unitaid.
