

NYSMTP Summer Professional Learning Opportunities Frequently-Asked-Questions (FAQ)

1. **How do I participate in the NYSMTP Summer Professional Learning Opportunities?** All information about the August professional learning opportunities presented by the NYS Master Teacher Program are available at <https://sites.google.com/view/nysmtp-august-workshops-2023/home>
2. **Do I register even if I'm not sure I can attend yet?**
Please register only for sessions that you know you know you can and you plan to attend. We will share the participant list with the presenters prior to the workshop and it will be very helpful for them to know who will be online for the session. We will make available all presentation materials for all presentations via the Launch Pad as the month progresses. *In other words*, please do not sign up for sessions because you are interested in the materials. It could be very challenging to prepare for a presentation for 50 when only 25 can really attend.
3. **Do you have to be a NYS Master Teacher to participate?** No, the NYS Master Teacher Program Summer Professional Learning Opportunities welcome all K-12 educators.
4. **Is there a fee to attend?** No. There is no fee to participate.
5. **Will there be live transcription available during the zoom?** Yes, the registration form includes a question to request live transcription.
6. **Is CTLE certification/proof of participation provided?** No. We encourage participants to share with their school/district leadership their registration and workshop materials as a way to verify participation.
7. **For current NYS Master Teachers: How do I log the August sessions that I attend?** All August 2023 sessions are workshops. Submit one log for each workshop you attend following the usual log process. The August 2023 NYSMTP-PD is part of the 2022-2023 program year. Be sure to submit your logs before August 31, 2023.

Updated 7/6/2023. Additional information to be added as appropriate.
