### **We the People- US Government Honors Course Application for Fall 2026**

**Course Description-** US Government Honors follows the “We the People”: The Citizen and the Constitution curriculum, and it is a one semester honors course, offered during the fall, that counts towards the required Government credit; it is intended for college bound students who have a passion for politics, history, debate, discussion, speech, philosophy, hands-on-learning, and civics. The course introduces students to a study of constitutional law in the United States of America. Its intent and purpose is to provide students with an understanding of how the Constitution came into existence, why it took the form it did, and how it has functioned over the past two hundred years. The Center for Civic Education hosts regional, state, and national competitions based on the course curriculum, and it is required for students to take part, participate, and compete in the competitions, and this aspect of the course will require students to dedicate time outside of class to the course. Because space is limited, teacher selection through an application process is required. Please return to Mr. Sokolowski prior to Spring Break.

Note: This year the We the People course will also double as a Dual Credit course through Vincennes University. Students also have the opportunity to take the AP Gov and Politics test in May, if they choose.
