

## "AI in Education: Empowering Students"

Screen No	Narrator/Audio	Visualization/OST	Media Notes
01	In the 21st century, technology has evolved from a mere tool to a powerful force reshaping the very fabric of our existence. From communication and healthcare to commerce and education, the impact of technology is pervasive.	Technology	A shot of crowded people with high buildings in the background and the word Technology as OST above the image.
02	"In a world driven by technology, imagine a future where Artificial Intelligence becomes a powerful ally for students."	"AI in Education: Empowering Students"	A serene shot of a school at sunrise and a bustling school campus.
03	Meet Maya, a high school student who is called as an all-rounder by most of her friends for her excellency in Studies, Sports and other co-curricular activities.	Maya	Image of Maya character raising the hand in a classroom for answering the question, Playing badminton, Dancing etc.
04	But Maya is not happy with her performance in the studies. Reason being, she got 4 <sup>th</sup> rank in her final exams.	Result Day	Show Maya with sad face.
05	If we look at her report card, we can notice that Maya has scored really well in all the subjects, except Maths. This shows, she is facing challenges in her math class.	Result Day	Show the report card which she is holding and zoom into it. Highlight the Maths subject row with Red Colour.
06	Maya's friend Rahul notices her from a distance. Looking at her being so sad, he decides to approach her and tries to know the matter that is worrying her.		Maya is sitting alone and Rahul observes Maya from a distance and comes towards Maya to talk to her.
07	<b>Rahul:</b> Hey Maya! <b>Maya:</b> (No answer. Just looks at Rahul) <b>Rahul:</b> What's the matter Maya? Why you look so low?	<b>Rahul:</b> Hey Maya! <b>Maya:</b> (No answer. Just looks at Rahul) <b>Rahul:</b> What's the matter Maya? Why you look so low?	Show Maya lifting her head and looking at Rahul.  Rahul sits down beside Maya and the conversation starts as "What's the matter Maya? Why...."

## "AI in Education: Empowering Students"

	<p><b>Maya:</b> I have received very less marks in Maths subject Rahul. I score so well in other subjects but I struggle a lot with Maths. This happens every time. And just because of one maths subject, my total score goes down. I don't know what to do.</p>	<p><b>Maya:</b> I have received very less marks in Maths subject Rahul. I score so well in other subjects but I struggle a lot with Maths. This happens every time. And just because of one maths subject, my total score goes down. I don't know what to do.</p>	<p>Show the Callout texts in a bubble, above the characters.</p>
08	<p><b>Rahul:</b> Oh! I See, Don't worry. I have a solution for this.  <b>Maya:</b> Really?? What's that ?  <b>Rahul:</b> AI. Which means Artificial Intelligence. If you are not understanding the maths concepts, then why don't you take a help of AI for better understanding ?</p>	<p><b>Rahul:</b> Oh! I See, Don't worry. I have a solution for this.  <b>Maya:</b> Really?? What's that ?  <b>Rahul:</b> AI. Which means Artificial Intelligence. If you are not understanding the maths concepts, then why don't you take a help of AI for better understanding ?</p>	<p>When Rahul says I have a solution. Show Maya's smiling face.             Show the Callout texts in a bubble, above the characters.</p>
09	<p><b>Maya:</b> Can you tell me more about it. What is this Artificial Intelligence?</p>	<p><b>Maya:</b> Can you tell me more about it. What is this Artificial Intelligence?</p>	<p>Mays asking the question with happy face. And show big question mark on the screen's top right corner.             Show the Callout texts in a bubble, above the characters.</p>
10	<p><b>Rahul:</b> Artificial Intelligence is the simulation of human intelligence processes by machines, especially computer systems.   <b>Rahul:</b> There are various AI Powered Apps that has virtual maths tutors and other features that can assess your proficiency level, identify areas where you need improvement and provide tailored guidance and practice exercises.</p>	<p style="text-align: center;"><b>Artificial Intelligence</b></p> <p>It is the simulation of human intelligence processes by machines, especially computer systems.</p> <p>Mathpid            Mathletics            DragonBox            Wolfram Alpha</p>	<p>Here there must be Rahul's Voice over.             Only OST on screen must appear here with Animations and effects.</p>
11	<p><b>Maya:</b> Oh my god! I never knew about it Rahul. Thank You so much for sharing it with me. I will quickly make use of AI technology and learn the concepts to solve complex math problems.</p>	<p><b>Maya:</b> Oh my god! I never knew about it Rahul. Thank You so much for sharing it with me. I will quickly make use of AI technology and learn the concepts to solve complex math problems.</p>	<p>Back to conversation screen.            Maya is Happy (Show smiling face)            Rahul is happy (Show smiling face)             Show the Callout texts in a bubble, above the characters.</p>

## "AI in Education: Empowering Students"

	<p><b>Rahul:</b> Good to hear that Maya. I will see you later. Bye!</p> <p><b>Maya:</b> Bye Rahul!</p>	<p><b>Rahul:</b> Good to hear that Maya. I will see you later. Bye!</p> <p><b>Maya:</b> Bye Rahul!</p>	
12	Maya discovers personalized learning experiences, adapting to her unique learning style.	Personalized learning	Maya using an AI-powered learning app on her tablet.
13	"AI offers 24/7 support, ensuring students like Maya can get additional help whenever they need it."	24/7 Support	Maya interacting with a virtual AI tutor after school.
14	With the help of AI powered tools, Maya understood the subject thoroughly and is now confident enough to face the math exam.		Show Maya holding books, wearing bag and is happy and confident.
15	This time Maya has scored really well in the exam and has obtained 1 <sup>st</sup> rank in a class.	Topper	Show report card with 1 <sup>st</sup> Rank written on it and a winner cup (Prize image) on the side of the screen.
16	AI not only helps with academic subjects but also nurtures essential life skills for future success.	AI nurtures essential life skills	Maya exploring AI-powered skill development programs. (Scrolling in Computer)
17	As we embrace AI in education, we envision a future where every student has the tools and support they need to thrive."		Show the image of AI and a classroom side by side.
18	Join the journey towards a smarter, more connected education. Let's harness the power of Artificial Intelligence to shape a brighter future for all."	<b>AI – Brighter Future For All</b>	Image of AI at centre and all schools, colleges and Edu. institutes and EdTech companies encircling it.
