Bio: Only 3 percent of Switzerland claim that Jesus is Lord. This needs to change. While most of Switzerland is very well off in the world's perception, Prosperity doesn't equal personal peace, and money doesn't equate to joy. And a beautiful landscape can't fill the deepest human longings. We bring the message that God is near through what Jesus has done for us; He is the only source of true peace. Thank you for your prayers as we reach out to these beautiful people. Contact us if you want to talk!
