Access eBooks and Audiobooks on MackinVia with your School Account

Get to Classlink

On your school computer, get to Classlink by clicking on "AEA Classlink" under "Student Resources" on the school website, or by clicking a link on the library website. Or click the MackinVia icon on the library website.

Sign in with Google

You must use your school account, otherwise you will not have access.

Find the MackinVia app

Out of the list of apps available in Classlink, click MackinVia

Search for Books

You can search for books by title, or you can see all the available Battle of the Books content by clicking on "Groups" on the left side. Find the group called "HS Battle of the Books 2023-24" and read/listen to audiobooks to your heart's content!

Optional - Create your own "Backpack" & download the app to read on your personal devices

If you want to read books on your personal device, like a phone or tablet, you should create your own "backpack" in MackinVia. Once you are already in MackinVia using your school information, click "login" in the top right corner in MackinVia. You will create your own username and password - it can be whatever you want. Creating your own backpack allows you to check out materials on MackinVia. This is important later for using the app.

Download the MackinVia app on your personal device(s). When you are asked to sign into the app, type our school name (Perry Middle School, Perry, IA) and use the username and password that you created for your personal backpack. This way, your checkouts show up on your personal device.

Ask for help with this step, if needed.
