

SCHOOL COUNSELING DEPARTMENT

Senior Autobiography

Dear Students and Parents,

As part of the college application process, your school counselor will be writing a letter of recommendation to help support your application and provide insight into your academic and personal strengths. This letter is an important part of your application, as it allows the admissions committee to learn more about who you are beyond your grades and test scores.

To write a letter that best reflects your unique qualities and experiences, we need your help. The questions in this Senior Autobiography packet are designed to gather information about your achievements, personal growth, extracurricular involvement, and aspirations. It's important that you provide your counselor with as detailed and specific information as possible, including examples and stories that illustrate your character, determination, and contributions to your school and community.

Your thoughtful and thorough responses will help your counselor write a letter that truly represents you and supports your college applications in the best way possible. Please take the time to carefully consider each question, and feel free to share anything else that you think is important for your counselor to know.

Thank you for your cooperation, and we look forward to working with you during this exciting time!

Sincerely,

Ms. Mosenthal, Mrs. Thibideau, and Ms. Nadeem
