

Missouri (or, im making this up as I go, okay?)

You wake
You look around
Ground, hills
The hills go up
You climb the hills
At the top
You look around
Ground, trees
The trees go up
You climb the trees
At the top
You look around
Trees in hills, clouds in sky
The clouds are up
You reach the clouds
In the clouds
You look around
Clouds, stars
The stars are up
You reach the stars
In the stars
You look around
Stars
You reach the stars
You look around
Stars
You reach the stars
You look around
