EMERGENCY DISMISSAL INFORMATION

In the event of weather related emergencies/school closures, it could become necessary to close school early or delay dismissal for the welfare of our students. We would like for you and your child/ren to discuss a plan to be used in the event this should happen. This plan cannot include the student use of school phones or cell phones. It is also important that we have current information so we can assure everyone's safety. Please complete this form for **EACH** child in your family. A copy will be kept in your child's classroom, as well as the office.
